VICTORIA, B. C., SATURDAY, FEBRUARY 11, 1911

No. 35.

## COMMENCE SUIT AGAINST V. & S.

### CITY TO ATTEMPT TO RECOVER BONUS

#### City Solicitor Explains Status of the Case to the Council

The city solicitor, acting under instructions from the city council, will at once institute proceedings against the Victoria & Sidney Railway Company to recover the amounts paid by the city as bonus and endeavor to make arrangements with the company to be relieved of all future payments. The solicitor's letter bearing on the matter, read at last night's meeting of the council, was as follows:

Gentlemen:—Under the terms of an agreement bearing date the 7th day of July, 1892, made between the Victoria & Sidney Railway Company, the City and the Province of British Columbia, the Victoria & Sidney Railway Company was authorized to issue bonds of \$300,000 were authorized to be issued, bearing interest at the rate of five per cent, per annum, payable half yearly on the first days of March and September in each year. The payment of the interest on the capital of these bonds was guaranteed—first, by the Victoria & Sidney Railway Company, the City and the Province of British Columbia, to the amount of \$300,000, and as to 2 per cent, thereof, or \$3,000, half yearly by the Province of British Columbia. Up to date the City have paid approximately \$162,000, and the Province \$102,000.

By the eighth paragraph of this agreement, all moneys paid by the corporation in implementing their guarantee were made a debt due from time to time by the company to the city and the province respectively, and were also respectively made a first charge upon the assets of the company subject to the \$300,000 bonds. The Victoria & Sidney Railway Company have never paid any of the interest upon any of these bonds.

While it is a fact during the early years of the company's operations the company were not earning sufficient money to pay the interest, nevertheless of late years the company has been earning quite enough to pay the interest over and above all fixed charges, and I have been led to believe that the earnings of the road have been considerably understated, that a large portion of the same have been taken into other lines, and companies belonging to the same controlling company which should have gone to the credit of the Victoria & Sidney Railway Company.

There is another payment due on the 1st day of March next. Under the circumstances it seems to me that we cannot proceed for the repayment of the moneys already paid, and endeavor to make some arrangement with the company whereby we would be relieved of all future payments, or, failing that, that we should sue for the payments from time to time as we make them, for it is undoubtedly a fact that we cannot afford not to pay on account of the effect it would have upon our credit in the money market.

I will be glad of your instructions to put the matter into litigation at an early date, so as to avoid the possibility of having to make the payment due on the 1st of March next.

"I have the honor to be gentlemen,  
Your obedient servant,  
F. A. McDiarmid,  
City Solicitor."

Ald. Bishop said a special committee of the council had last year interviewed the government, and he understood that an audit of the books of the company had been ordered. He asked if this audit had yet been made.

The city solicitor explained that nothing had as yet been done by the government in respect to the audit, though A. H. Griffiths had been appointed to do the work on behalf of the government.

"Ald. Langley felt that action should be instituted at once and the city would very soon find out what the earnings of the company were.

The solicitor remarked that one of the officials of the company had admitted that the road last year had earned \$1,800.

Ald. Moreby wanted to know if there was any provision in the agreement whereby, if the city defaulted any one payment, it would bring the whole amount due and payable?

The solicitor said in reply that the city did not propose to stop payment. To do so would be injurious to the credit of the city, and that was to be avoided.

Ald. Moreby thought there should be included in the resolution a request that the provincial government furnish information as to the audit.

This was done and the resolution carried unanimously.

#### CRIPPEN'S WILL.

London, Feb. 11.—The will of Dr. H. H. Crippen, hanged last November for the murder of his wife, Belle Elmore, is filed to-day in the probate court. It gives all his property to Ethel Claire Leneve, valued at \$1,341. Miss Leneve is the girl who fled to Canada with him.

#### FIRE IN COLLEGE.

Kharput, Turkish Armenia, Feb. 11.—Fire nearly destroyed the French college managed by the Capuchin fathers of Toulouse.

## CITY TO START TO SOOKE LAKE

### WORK TO COMMENCE ON MONDAY MORNING

#### This Action Taken to Comply With Time Limit, Which is March 15

On Monday morning next the water commissioner and the city engineer will commence the actual work of constructing the work necessary to bring Sooke lake water into the city. This will be done on the advice of the city's legal advisers as given at last evening's meeting of the city council and is for the purpose of complying with the act which makes it compulsory for the city to take such action on or before March 15, if the right to go to Sooke lake for a water supply is to be preserved to the city.

The city solicitor reported having received the following letter from the city barrister, W. J. Taylor, K. C.:

"Referring to your request for an opinion upon the following points:

"(1) Do you construe the paragraph quoted above to mean the actual commencing of the work of conduit for bringing in the water, or will it be sufficient to commence the purchase of the watershed and the engagement of an engineer for the purpose of surveying the best and the most practicable route? Answer: The actual work for conducting the water shall be started not later than the 15th March next.

"(2) Is your opinion that this paragraph will prevent us from going to Sooke at all unless work is commenced before the 15th March, 1911. In other words, does the paragraph do away with all our rights under the old act of 1873, or is it limited to the passing over of the land of the Esquimalt Water Company? Answer: The city's right to go to Sooke will be abrogated unless actual work is begun by the 15th March next.

"(3) After the 15th March, 1911, would we still have the rights given under the statute of 1873 to pass over any person's land, expropriating same as provided by that act? Answer: This practically comes under the same heading as the previous two. The city's right to go to Sooke at all is limited in point of time instead of being unlimited in point of time as prior to the act of 1900.

"(4) After the 15th March, 1911, would we have any right to pass over, under or through the works of the Esquimalt Company, having made a start outside of their land prior to 15th March, 1911. Answer: If the work of construction is begun before the 15th March, 1911, then at any time within eight years the city's right to pass through the (Concluded on page 28)

## FOUR STOCKMEN KILLED BY INDIANS

### Bodies Found in Canyon— Posse Now in Pursuit of Murderers

(Times Leased Wire.)  
Reno, Nev., Feb. 11.—News of an Indian massacre in which four wealthy stockmen were victims, reached here to-day. The victims, whose bodies were found in Little Rock canyon, near Queen River, Cal., had been missing since January 19 when they went out to look for stock in a storm-swept region. They were Harry Cambren, John Laxague, B. Indiano and P. Erramuspe.

When the continued absence of the four men made it certain that evil had befallen them, searching parties went out Wednesday from Contanza, Cal., and yesterday in the remote canyon they came upon the bodies. All the blankets and provisions of the murdered men had been taken and from the character of their wounds, there was little doubt that Indians had done the killing.

This supposition was made certain when ranchmen in the vicinity were questioned. They declared that a band of nine hostile Indians had recently been in the vicinity but had departed, leaving warnings that they were not to be followed on pain of death.

Immediately the murders were discovered, a posse was organized and at once took the trail of the hostiles. Messengers were also dispatched to send telegrams to all towns within the region warning their sheriffs to be on the lookout for them. Although the Indians have a good lead, the size of their band makes it almost certain that the frontiersmen in pursuit will be able to keep their trail and a pitched battle is certain.

#### NOME'S POPULATION.

Nome, Alaska, Feb. 11.—A special census taken by the city council gives Nome a population of 2,503 white people.

CANADIAN VERSION OF FABLE OF OLD MAN AND HIS ASS.

What is likely to happen to Conservative leader in his anxiety to serve his masters instead of the people.

## ANOTHER BOXER UPRISING FEARED

### FOREIGNERS BLAMED FOR PLAGUE IN CHINA

#### Buddhist Priests Reported to Be Preaching War of Extermination

(Times Leased Wire.)  
London, Feb. 11.—Probability of another Boxer uprising in China to add to the horrors of the plague and famine is asserted to-day in dispatches to the Pall Mall Gazette.

The Gazette's correspondent cabled that Buddhist priests throughout all stricken districts are taking advantage of the situation to preach an uprising. They blame the "foreign devils" for the plague and are urging a war of extermination.

Food Depots Looted.  
Amoy, China, Feb. 11.—Hunger-crazed coolies from the famine districts in Hunan province flocked into the country adjacent to Amoy to-day and robbed the food depots. Authorities beheaded four men in an effort to check the robberies.

Bodies Lie By Roadside.  
Washington, D. C., Feb. 11.—Unless relieved, two million people in China will die of starvation. This is a calamity predicted by American Consul General Wilder at Shanghai, in a cablegram received by the American National Red Cross Society. The consul-general appeals for quick assistance for the sufferers, and says that a half million dollars is needed immediately. There will be no crops until the end of May, and Chinese relief is inadequate, he adds. Mr. Wilder says the scenes in the famine districts are horrifying. Children are being given away by the afflicted people. Dead lie by the roadside, and the misery of the sufferers is being increased by severe cold and snow.

The famine area stretches over a territory of 300 by 150 miles. The Shanghai relief committee, which has been formed to aid the starving inhabitants, is trustworthy, the consul-general adds.

The Red Cross cabled yesterday to China \$5,000 contributed by John D. Rockefeller. Red Cross committees throughout the United States are collecting supplies to be sent to the stricken people on an army transport from Seattle.

#### RECEIVE CONGRATULATIONS.

(Special to the Times.)  
Halifax, Feb. 11.—Earl and Countess Grey yesterday sent a message of congratulation to Mr. and Mrs. Wm. Dunlop, Middle Stewards, who celebrated their 70th wedding anniversary. Sir Wilfrid Laurier, R. L. Borden and others also sent messages. The couple are 96 and 95 years old respectively.

## FAVORABLE REPORT ON RECIPROCITY

### Committee of U. S. House of Representatives Considers Trade Agreement

(Times Leased Wire.)  
Washington, D. C., Feb. 11.—The House ways and means committee, by a vote of 12 to 7, to-day decided to report favorably on the Canadian reciprocity agreement.

## BUILDING RETURNS FOR DOMINION

### Permits Issued Last Year Show Gain of 43 Per Cent. Compared With 1909

(Special to the Times.)  
Toronto, Feb. 11.—Official returns submitted to Construction, a local trade paper, from twenty cities located in every province and section of the Dominion record an aggregate total of permits issued in 1910 amounting to \$4,123,423, as against \$2,859,620 in the year 1909. This represents an average gain of 45 per cent.

#### POLICE CHIEF REGINS.

A. C. Lacey of Edmonton, Becomes  
Chief License Inspector of Alberta.

(Special to the Times.)  
Edmonton, Feb. 11.—A. C. Lacey, chief of police, has resigned on appointment as chief license inspector for the province, in succession to W. A. Deyl, whose resignation occurred a few days ago. Chief Lacey was for many years engaged in police and detective work in Montreal and Winnipeg, and took hold of the local force a couple of years ago and thoroughly reorganized it until it is conceded to be one of the most efficient in western Canada. This resignation leaves five city departments without heads. Chief Davidson of the fire department, Superintendents McNaughton and Blewanger, and Building Inspector Cottrell, all having recently resigned.

#### LIGHT AND POWER LOWER.

(Special to the Times.)  
Ottawa, Feb. 11.—Announcement was made to-day by the Ottawa civic electric commission that rates for electric lighting would be reduced nineteen per cent, and that power rates would also be cut. It is expected that the Ottawa Electric company, the local rival of the municipal plant, will follow suit with the result that Ottawa will have the cheapest light and power service in Canada.

#### BARON ROTHSCHILD DEAD.

Head of Austrian Branch of Family  
Passes Away.

Vienna, Feb. 11.—Baron Rothschild, head of the Austrian branch of the famous family of financiers, died here to-day of heart disease. At his funeral will assemble the heads of the British, French and German Rothschild families, which together are credited with holding more millions than any other family or association in the world.

#### CAPT. JOHN CARLON DEAD.

(Special to the Times.)  
Toronto, Feb. 11.—The Canadian military service lost an efficient officer to-day in the death of Capt. John Carlon, R. C. R., who succumbed to an attack of typhoid pneumonia after a short illness. He was born in England in 1847. He joined the Royal Grenadiers in 1882 and was appointed a subaltern in the R. C. R. in 1901. He served at Halifax, St. John, Fredericton, London and Toronto.

## TAFT MAKES ANOTHER SPEECH

### ADDRESS BEFORE ILLINOIS LEGISLATURE

#### Says Reciprocity Agreement With Canada Will Safeguard the Protective System

(Times Leased Wire.)  
Springfield, Ill., Feb. 11.—In an address before the Illinois legislature to-day, President Taft warmly defended the reciprocity agreement with Canada. "Criticism of the reciprocity agreement with Canada as a manufacturers' agreement is unfounded," he said. "The truth is that between Canada and ourselves a reciprocity agreement must necessarily relate more to the agricultural products than to the manufactured articles. In other words, the great benefit that will be derived from the treaty is the profit in a mutual exchange of agricultural products that will come. The agricultural change by the older states from raising wheat alone to raising diversified crops, cattle and hogs, is what increased the return per acre of land and made prices of land higher. The suggestion that the opening of the markets to Canadian wheat and cereals will reduce the price of land in Ohio, Illinois, Indiana and Iowa is refuted by every table of statistics representing comparative increases in the value of land in states under the influence of the opening of wheat fields in states further west.

"Permitting wheat from the Northwest to come to Minneapolis and Chicago will steady the price of wheat and provisions, make speculation more difficult and insure against short crops and high prices. It will increase American control of the wheat markets and enable the millers to turn Canada into wheat into flour and send abroad the finished product. The increase in population and the reduction of farm exports are so rapid that unless the production is greatly increased within our borders we will soon consume all we raise.

"We need a source of supply like Canada's at our doors. We would be blind if we neglected this opportunity to add to the strength and vitality of the country by increasing its supporting capacity. Conservative protection is the opening wedge in free trade. My own view is that no step more in the interest of a reasonable policy of protection could be taken than approval of this treaty. The very existence of this policy depends upon our abolition of a tariff where it really is not needed. If we persist in retaining it in these times of high prices, gradually exchange our food supply base by its retention upon protection principles, we will arouse opposition that will not know moderation; that will not cease in radical economic changes until it removes the last traces of the protective system."

## FAVORS PROVINCIAL UNIVERSITY PLAN

### St. Boniface Supports One Institution With Sale Degree Conferring Power

(Times Leased Wire.)  
Winnipeg, Feb. 11.—St. Boniface college has lined up in favor of a provincial university with sole degree conferring powers. This announcement was made to-day by Rev. Father Carriere, rector of St. Boniface college, who, in summing up the case for and against, said he was opposed to an extension of degree conferring powers and St. Boniface college was prepared to cling to affiliation with Manitoba university in the event of state control. This announcement is of utmost importance from the point of view of supporters of a state or provincial university as opposed to the idea of a number of denominational colleges with separate degree conferring powers, and will strengthen their hands during the session of the legislature just opened when it is hoped that this question which has been agitating the Manitoba educationalists for years will be finally disposed of.

Wesley college, Winnipeg, the Methodist institution, sent a delegation to wait on the cabinet yesterday and it is understood that the case for separate consideration was strongly put. Brandon college, Baptist, is the only other institution still holding out against the state university idea.

#### SEARCH FOR GHOULS.

No Trace of Men Who Broke in  
Mausoleum in Erie Cemetery.

Erie, Pa., Feb. 11.—Discovery of the fact that no bodies were taken from the Scott Mausoleum here which was looted by ghouls is to-day proving a puzzle to the detectives trying to trace the desperate. Anxious for some trace of the vandals, armed police and detectives hid all last night in the cemetery, but their vigil was fruitless. The fact that some of the silver ornaments of the smashed coffins were taken is about the only clue in the possession of the police which holds out any promise of a solution of the mystery. Even this, however, has not forced all the investigators to the conclusion that robbery was the motive for the crime, as much silver was left which easily could have been taken.

## CLASHES WITH MAYOR MORLEY

### ALD. H. M. FULLERTON DONS WAR PAINT

#### Lively Incident Just Before Ad- journment at Meeting of Board of Works

Just before adjournment at last evening's meeting of the board of works of the city council, which, by the way, did not terminate until close to midnight, the proceedings were enlivened by a clash between the mayor and Ald. H. M. Fullerton, with Ald. Langley making a flank attack on his worship.

The incident arose over the question of the appointment of a civil engineer to take levels and do other preliminary work in connection with the Sooke lake project. At the last meeting of the council the water commissioner, James L. Raymur, was instructed to engage such a man to do the work. He proceeded to instruct J. Holcraft, a member of the city engineer's staff, but on Mr. Holcraft going to get his transcripts from the engineer's office, the city engineer was heard from. He told Mr. Holcraft that he was not to do as the water commissioner had ordered; that he (Mr. Smith) had something to say about that, as he was engineer in charge of the waterworks department, as empowered by an order of the council last year.

Mr. Raymur appealed to the mayor. The mayor sent for Mr. Smith and a long conference ensued. This occurred yesterday afternoon. It was proposed by the mayor that G. Napier be engaged to make the surveys. Mr. Napier was communicated with, but was found to be too busy.

Then came the incident of last night, which developed on the reading of a communication from C. H. Topp, in which he made formal application for the job.

Ald. H. M. Fullerton moved that Mr. Topp be appointed, pointing out that he was very familiar with the country, had assisted Mr. Adams, the hydraulic expert from California, and the latter gentleman was preparing his report on the waterworks problem, and that he therefore was well qualified for the job.

The mayor objected. He was opposed to the appointment of Mr. Topp on the ground that he was connected with the firm of Gore & McGregor. Gore & McGregor were in sympathy with the aims of the Esquimalt Waterworks Company, therefore it would be out of place to ask Mr. Topp to act. He (the mayor) would not stand for it.

Ald. H. M. Fullerton thought the mayor was acting in a most childish fashion and he told his worship so in language which left no doubt as to his meaning. Mr. Topp was well qualified for the work, he said, and insisted that a vote be taken on his motion.

It was shown by subsequent debate that had the motion been put it would have carried, as a majority of the members took the same view as Ald. Fullerton.

The mayor did not put the motion, instead suggesting that the matter was one which ought to be left in the hands of the water commissioner.

At this Ald. Langley arose and said it would be of no use to do this as it might just as well be referred to his worship.

The mayor resented the insinuation of Ald. Langley that he was in a position to dictate to the water commissioner, but the alderman held his ground.

Then Ald. Fullerton insisted that his motion be put.

The mayor, looking at the clock, said the motion was out of order, and so ruled.

This was in consequence of the fact that, by the act, the meetings of the board must terminate at 11 p. m. unless the whole board agrees to an extension of time. At the hour of 11 last night the mayor asked that the meeting be prolonged for one half hour. This was agreed to. Hence, in view of the fact that the hands of the clock pointed to 11:30 at the time Ald. Fullerton pressed for his motion to be put, it was, as the mayor said, out of order.

This closed the incident as far as last night's proceedings are concerned, but the matter will no doubt be brought up again during the ensuing week.

A flavoring used the same as lemon or vanilla. By dissolving granulated sugar in water and adding Mapleine, a delicious syrup is made and is very better than maple. Mapleine is sold by grocers. It is not sold for 1 or 2 oz. bottle and recipe book. Crescent Mfg. Co., Seattle, Wa.

## FIX THE PAVING SPECIFICATIONS

CONCRETE BASE IS  
MADE COMPULSORY

Patent Process Barred on Base  
but Not on the Wearing  
Surface

Despite strenuous objection on the part of a number of the aldermen, the board of works of the city council, at its meeting last evening, decided that all contracts for asphalt paving shall make compulsory the use of a standard concrete base. This action will deprive companies having a patent process for base and wearing surface from laying such pavements in the city. The clause in the specifications as finally adopted which fix this stipulation read as follows:

A standard base of cement concrete must be used in connection with all pavements of an asphaltic nature. The concrete foundation or base will be four inches thick for light traffic and five inches thick for heavy traffic. The concrete shall consist of one part cement to three parts of sand, and five parts of gravel or broken stone thoroughly mixed. The materials of each class must be submitted to the engineer and the quality thereof approved of in writing by the city engineer before being used.

Upon this base is to be placed a wearing surface of an asphaltic nature. The contractor in case of alternative bids will be expected to furnish his own specifications, which will be subject to the approval of the city engineer. In no case will the wearing surface be less than two inches, and samples of the pavement shall accompany each tender. The form of tender will show the thickness of cement base required.

The work will be let on the unit basis, that is, the contractor will be paid a fixed price per square yard of pavement, per lineal foot of curb and gutter and per cubic yard of rock excavation. The amount of earth and rock excavation shall be determined by the city engineer and assented to by the contractor before beginning work. The pavement and curb and gutter, will each be measured after the work is completed and paid for at the rate fixed. The quantities used in settlement to be taken and determined by actual measurement.

The contractor will be allowed to submit alternative bids for an asphaltic pavement, which will include such pavements as the Worwick asphalt pavement, the Bitulithic asphalt pavement, the Westrumite pavement, the El Oso asphalt pavement, the Harber asphalt pavement and other similar pavements. In all cases the standard cement concrete base shall be used. Upon this base the contractor shall make his own specifications for a wearing surface and shall show and fully describe the difference between the alternative pavement and the standard pavement. The condition of the specifications for standard asphalt pavement as herein provided and applicable must apply to all alternative pavements.

Bidders are warned that all bids must be made upon printed forms supplied by the city engineer, and must be accompanied by a certified cheque payable to the city treasurer for not less than five per cent. of the amount of bid. After the contract is let the cheque will be returned to the bidder except that of the successful bidder, which will be retained by the corporation and the amount thereof retained until the completion of the work, or the council may in its discretion at any time accept any accepted guarantee company bond conditioned for the due performance of the contract. If the said bidder fails to enter into such contract in accordance with his bid within four days of the date on which he is notified by the city clerk that he is the successful bidder, the said cheque and the amount thereof shall be forfeited to the city of Victoria. Bids will be received for each separate street.

Bids will be received upon the following conditions:

(a) For all pavements other than the city specifications—a sample of the pavement must be submitted with the tender.

(b) The bidder must state a price per square yard for his pavement, and leave in the hands of the city 15 per cent. of the whole of the contract price for a period of ten years, as a guarantee that he will maintain and keep in good order and condition the said works during such period of ten years, doing all the necessary repairs at his own expense. The bidder shall receive 4 per cent. interest yearly as long as the deposit remains intact.

(c) The bidder shall state a price per square yard, giving to the city a satisfactory bond for 25 per cent. of the amount of his contract for a period of five years, as a guarantee that he will maintain and keep in good order and condition the said works during such period of five years, doing all the necessary repairs at his own expense.

(d) The price per square yard, the contractor undertaking with his contract to carry out the specifications and submitting to the city's inspection of the work, with no further guarantee.

Bids will be received for each separate street.

If the committee deem it wise to give any contractor sufficient streets to make the approximate quantities of the contract exceed 25,000 square yards, the form of tender will provide a schedule for percentage reduction on the tender price.

Contractors may, in tendering upon different works, put in an alternative tender to include two or more of the said works to be tendered for.

The board of works committee reserves the right to object any or all bids or the bids of any firm of bidders, and the committee reserves the

## THINKING THEMES

BY DR. FRANK CRANE

Every gift or natural talent is dangerous. It is a liability and not an asset to character and happiness. Just as it is harder for a camel to go

through the needle's eye than for a rich man to enter into the kingdom of the real values of life, so it is that any superiority, such as musical genius, a marvelous memory, great facility in public speaking, a lively wit, a beautiful face and form, natural skill in any art, or any other endowments, is an obstacle to be overcome, is so much against its possessor in the real business of perfecting his life. These supposed advantages tend to produce vanity, selfishness and love of praise, which make the quality and fibre of the person deteriorate. Genuine greatness is only found in common with all men. Hence it is that we so often find the gifted man mean, jealous and narrow. And when we meet a talented person who impresses us with being a great soul, his grandeur is seen to lie in the homely, ordinary and plain human part of him; that is, he is great not because of but in spite of his extraordinary ability. This is the reason why "in the kingdom of heaven," that is in actual truth, "the first shall be last, and the last shall be first."

right to accept any bid as it may seem to be for the best interests of the city. The cost of drawing the contract for all works covered by these specifications shall be paid by the contractor. The contractor will be required to sign a contract which will contain a clause providing that time shall be the essence of the contract, and that \$25.00 a day shall be payable by the contractor to the city for every day's default.

## SEATTLE TRAGEDY.

Seattle, Wash., Feb. 11.—A coroner's jury yesterday returned a verdict that Garna Gillette, a chorus girl, came to her death at the hands of James Vlasos, who afterwards sent a bullet through his own brain. As far as the official records go, there is nothing to reveal the story of woman's cupid and man's blind devotion which led up to the tragedy last Sunday night. The girl's own mother did not appear at the inquest. What she knew concerning the relations of her daughter and the Greek who killed her is not known.

A hole gnawed by mice in a gaspipe is believed to have been the cause of an explosion that wrecked a house at Darnall, Seattle.

To-night at 7:30 They Go For 15c.

## ASIATIC QUESTION IN CALIFORNIA

Resolution Protesting Against  
U. S. Treaty With Japan  
Will Be Discussed

Sacramento, Cal., Feb. 11.—Vigorous fights by Democratic legislators, augmented by a minority of the insurgent elements, will be continued for the adoption of resolutions and bills aimed at Asiatics in California. An attempt by senator Sanford to bring up for action his resolution protesting against a federal treaty with Japan that might eliminate the collier clause and a series of bills by Senator Finn restricting Orientalists, yesterday placed the Johnson administration on the defensive. The Democrats in the senate compelled the majority to promise a hearing on the Sanford resolution and predicted every anti-Asian bill presented in the senate would be forced on the floor for an open fight.

Three bills aimed at Japanese, Chinese and other Asiatics, reviving the question that two years ago threatened the peaceful relations of the United States and Japan, were introduced in the legislature by Senator Finn of San Francisco.

One measure directs the district attorneys of counties to proceed against Asiatic owners of land looking to its forfeiture after giving them time to dispose of their holdings subsequent to the bills becoming a law.

The second bill provides for the segregation of Oriental school children in buildings separate from those occupied by whites. The third measure enables municipal or county authorities to restrict Asiatics to certain localities.

Though but a small nation, Switzerland makes 100,000,000 pounds of honey a year, so well is its flora adapted to bee culture.

## Great Rebuilding Sale

--OF--

## FURNITURE

### Carpets, Linoleum, Etc.

OUR Rebuilding Sale is now in full swing. We have made hundreds of buyers happy with real bargains. Our guarantee of "Goods as represented or money refunded" protects you against any possibility of dissatisfaction and our growing business attests to the fact that we give a square deal. No waiting for special days--nothing reserved--just a straightforward opportunity to buy good Furniture, Carpets, Linoleum, etc. at cut prices. The builders are ready and we must clear out our stock at once. Remember we are not going out of business--just growing too big for our present store, hence this sale. Come to-day. ## Notice to Advertisers

Owing to the rapidly increasing circulation of the Times and the growing demands for space, it has become absolutely necessary to place a limit upon the time at which changes for advertisements will be accepted and guaranteed publication. Copy for changes must be handed in to the business office not later than 3 p. m. the previous day. Arrangements for the insertion of new advertisements must be made before 10 a. m. day of publication. Classified advertisements before 2 p. m.

The above rules are made for the benefit of readers of the Times, who insist upon the paper being delivered as early in the evening as possible.

## LOYALTY, IMPERIALISM, AND SPECIAL PRIVILEGE.

Conservatives, both in this country and in Great Britain, make a great parade of their loyalty and their imperialism. It is part of their stock in trade, with which to bamboozle the electorate. It covers a multitude of other sins. The wave of a flag has returned many a candidate in a doubtful constituency. It has served to cover incompetence, foodhardiness, graft, extravagance, and a hundred other blemishes. It is still being used, but every day with less effect.

There was a time in Great Britain when perhaps there was some reason in the appeal on the score of loyalty. The people who have been ground down by landlords, sweaters, and industrial oppressors can be excused if they have confounded the rulers of the country with their oppressors, for have not wealth and power always stood shoulder to shoulder. Since the day of the Peasant Revolt, and perhaps before that, there has been a constant struggle between the governing class and those who had no say in the government of the country. The absorption of the latter by the former has brought about a change, and to-day even the Socialists of Great Britain, in contradistinction to the Socialists here, are Imperialists, for they see in the British Empire, the greatest possible freedom to the individual.

Liberals as well as Conservatives are Imperialists, but the latter think that they can, like China in the days of old, build a wall around the Empire, a tariff wall, which will keep everybody else out. This is not Imperialism in reality, but its advocates try to persuade the people that it is. It is really the cry of the special interests, of the old ruling class, to try to continue for themselves the supremacy which they still to a small extent hold, and which they are so reluctant to give up. They are trying to persuade the people to put a noose about their own necks in order that the special interests may pull the string. The mass of the people in Great Britain, however, have learned by bitter experience. They still remember the days of the cruel Corn Laws, and they will have none of it. They have secured for themselves the right to an education, so that to-day there are few people in the country that cannot read and write. More than that, they have taken advantage of their opportunities and are reading and writing, even after they leave school, a wonderful thing perhaps. They have learned to believe in the Empire, so that to-day the "Little Englander" has passed away and practically all are Imperialists. But the word, "Imperialist" has also changed its meaning, for to-day it means "freedom."

There is also the struggle for freedom from special interests going on in this country. The noose was woven for the necks of the people forty years ago. Sometimes it tightened, and then the people began to struggle, and they have at last succeeded in getting a

knot in the noose which will prevent its tightening and will give an opportunity later to throw it off altogether. Free Trade in Food has been adopted as the policy of the government of the country, and it is acclaimed by the mass of the people. It is greatly to be desired that the measure shall become law.

The suggestion made to the Canadian Club of this city by M. B. Jackson that a movement should be initiated for the purpose of erecting here a statue to the memory of the late Queen Victoria is one deserving of careful consideration. This city is named after the good Queen during whose reign it came into existence. That circumstance alone, one would think, would be sufficient to make it highly desirable to commemorate her life and work. Doubtless the Ladies' Canadian Club, the Daughters of Empire, and in fact all the fraternal and patriotic societies in the city, would be glad to co-operate in the work. The question would have to be considered whether the provincial government should be asked to undertake the financing or if they should be asked for only a donation towards it. We have very little statuary in this city, and there could be no more fitting subject for the exercise of the sculptor's art than the one suggested.

The Oak Bay people think the action of the City Council childish in deciding to shut off their water supply. There are a good many people living in the city who share that opinion. There are also many in Oak Bay who believe there is no necessity for friction between the municipality and the city. In a community where all the sanitary arrangements are dependent on the water supply, it is altogether out of the question that action of the kind proposed can be taken. The opinion of the Victoria people who live in Oak Bay seems to be that if Oak Bay were larger than the city there would be no questioning their right to secure water wherever they might wish. If that is correct an injustice would be done by trying to force the smaller community into submission. We think it would be much better for the municipality to work hand in hand with the city, but we object to the use of the big stick unless our cause is perfectly just.

The B. C. Anti-Tuberculosis Society is doing a very important work and it is a pity that keener interest is not taken in the movement by the public at large. There is a very general opinion, at any rate in this city, that the provincial government should take over this work. At present the government makes a handsome annual grant towards the work, and we are glad to see that the estimates show an increase in the amount. The provision compelling municipalities to pay for patients coming from within their boundaries will also have the effect of increasing the income of the society. The newly christened King Edward Sanatorium at Tranquille should prove of great value in the great fight against the dread disease.

The Montreal correspondent of the Toronto World writes that there will be a Dominion general election during the coming fall and that Premier Roblin of Manitoba and McBride of British Columbia will be recruits in the forces of the opposition. What the World man says may be true of Roblin, but he does not know our Dick. There is little impetuosity in the cosmos of our premier. He prefers a sure thing to playing a minor part in leading a forlorn hope. Besides, Mr. McBride is going to secure a deserved increase in salary which will make it equivalent to that of the leader of the Dominion opposition.

We hope the deputation from Vancouver that waited on the government yesterday in regard to child labor did not notice the pages who attend the legislators of this province during their arduous labors in behalf of the people. If they did they might have thought from their appearance that some of the boys were below the age requirements. We should not like the members of the deputation to think the highest authority in the land would be guilty of employing children who should be in school.

Toronto Star: Even if the reciprocity agreement is rejected by the Senate, Canada and the British Empire will never feel safe again. The Congress of the United States is now in possession of the dread secret—that it can at any moment smash confederation and Bri-

tain connection by admitting our wheat, fish, eggs and potatoes free of duty. As loyal newspapers, ought the Telegram and News to have given this away?

The suggestion made before the commission that Chinese who try to evade the customs law by fraudulently impersonating merchants or who make false declarations shall be prosecuted, seems very reasonable. The man who tries to cheat the government out of five hundred dollars is just as much a criminal as he who steals that much money.

A terrible picture has been drawn of what might happen to Victoria should the Mayor and Aldermen be unseated by the courts. Who's afraid? Is the City Solicitor not established not only as the legal adviser but as the shaper of the policies of the corporation? Why not invest him with executive powers also?

The Dominion government is not losing much time in making the law against the smuggling of Chinese into this country more effective. It is not at all likely that many Orientals got past the alert officers at this port, but even one is too many.

Dwellers in this favored portion of the continent probably do not realize, with the thermometer at forty, that this is the middle of winter. Dispatches tell us that nearly every part of Canada and the northern United States is suffering from severe blizzards.

A large section of the Niagara fruit and vegetable growers have declared that the opening of the American market for their product will much more than compensate for any loss on the prairies. This opinion seems to be gaining ground everywhere.

We want the semi-tropical and early fruits from the United States and we want them as cheap as possible. There will be plenty of sale for our own produce. The result is that reciprocity will benefit us even more than it will the neighboring states.

In a few months we begin importing California potatoes. Then we have to pay through the nose for them. If the duty were removed we could all use the early new potatoes when our own are not in good condition for consumption.

## SMITH'S "PLOT" FALLS TO PIECES

## WITNESSES SWEAR "NOTHING IN IT"

## Royal Commission on Chinese Immigration Terminates Sessions Here

When the Chinese commission met this morning, D. G. MacNaughton, private detective, who was mentioned yesterday by Lieut. J. Gordon Smith, as being reported connected with a large plot to ship Chinese into British Columbia illegally, was present in the room and asked permission to cross-examine Lieut. Smith on the story given by the latter yesterday. The cross examination was abortive, Lieut. Smith refusing to give the name of his informant.

MacNaughton then took the stand and denied all connection with Lieut. Smith's plot but put the whole scheme up to a man named Luke Greenwald, who was also called. Greenwald denied all knowledge of a plot but admitted that years ago he was connected with smuggling in the United States.

In addressing the commission prior to giving evidence MacNaughton said he did not appreciate the notoriety given him by Lieut. Smith and he had noticed the Colonel, with which Lieut. Smith is employed, had recently published a story on similar lines. It also developed in the evidence that Lieut. Smith had at one time, although for a moment only, been prejudiced towards MacNaughton.

Mr. Justice Murphy having heard Lieut. Smith, L. Greenwald and D. G. MacNaughton remarked, "It seems like a Robert Lewis Stevenson story." Fred W. Davey (re-called), said it would not be fair to assume that the bulk of the smuggled opium is brought in by the Chinese crew. From enquiries made in the United States service he believed that the white crew was responsible for it. He had learned that opium was conveyed in the plates of the vessel which were loosened, in the coal, and in false bottoms specially constructed. With the staff of 5 men now in the office at Victoria it was impossible to thoroughly examine the cargo and stores of a vessel. Five men were insufficient to examine a Blue Funnel boat.

Luke Greenwald, just at present with no occupation, but otherwise a clerk, who has lived in Victoria 20 odd years, was called and said: "I have heard rumors of dumping Chinese in Victoria, but I never bother about rumors. Some years ago I was connected with smuggling in the United States but have had nothing to do with it since coming here. I don't know of any plan to bring Chinese here. I was in Hongkong three or four years ago for four months. I do not know Yip Yen or Nan Yon at Hongkong. I was on a pleasure trip. I heard opium was smuggled from the wharf here. I hear it is packed over the gang plank by the night watch on the steamer. Generally the Blue Funnel boats bring it and if they cannot dispose of it in Seattle they bring it here. This is rumor. I think it would

be a very easy thing. I have been out there and I think from the number of people around there it could be done easily. I have learned more about MacNaughton from the papers than I ever heard. I have never given anyone information regarding MacNaughton.

Lieut. J. Gordon Smith, recalled at the request of David MacNaughton, was asked by the latter the source of his information. The witness refused to give the information.

His Lordship—I'm afraid that is a private matter between you and Mr. Smith. He declines to give it and you can take any legal steps you like.

Witness (to MacNaughton)—It was in 1908 I heard about you. Men on the boats told me. You were the only one in the scheme as far as I can remember. I questioned several people about it, but was unable to find out.

MacNaughton—Will you swear that Mr. Greenwald told you?

Witness—I will not swear one way or the other—I was not prejudiced against you, except for a few minutes on one occasion you'll remember. MacNaughton—don't think I can get much out of the witness, my lord. MacNaughton was then called and said he was a private detective. He first came to Victoria in 1877, and came again in 1889. I have made three trips to China in the last four years. I never represented myself as a government detective. I was never employed as a government detective in the Orient. My trips to China had nothing to do with Chinese or opium.

The witness said his stay in Hongkong was short on each occasion. It was in connection with a transportation company which does not do much business here. I don't know any Chinese or Chinese firm in Hongkong. I have never tried to bring in Chinese or opium. I think the report originated from Greenwald. It is my opinion that Mr. Smith got his information from Greenwald. In fact, I am told he did. I heard once I went to China there was a scheme to run Chinese in here on the scheme reported by Mr. Smith. Mr. Greenwald was supposed to be connected with that.

Lee Mong Kow handed in a statement of Chinese immigration at Victoria since 1904 as follows: Merchants, mechanics, wives, sons, daughters, students and other classes, 5,334; returning within 12 months of leaving Victoria, 7,853.

Lee Mong Kow told of a trip to Montreal in regard to immigration, where he had learned that Chinese had been shipped on passports, similar to those used in the Euxine of India incident, from Mexico. The matter is one of departmental record, and was referred to by Mr. Davey also.

## GAS, INDIGESTION AND DYSPESIA GO

Out-of-Order Stomachs Feel Fine Five Minutes After Taking a Little Diapiesin.

The question as to how long you are going to continue a sufferer from indigestion, dyspepsia, or out-of-order stomach is merely a matter of how soon you begin taking some Diapiesin. If your stomach is lacking in digestive power, why not help the stomach to do its work, that with drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

People with weak stomachs should take a little Diapiesin occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Sick Stomach, and besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved in five minutes after taking a little Diapiesin.

Go to your drugist and get a 50-cent case of Paper's Diapiesin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

## Carter &amp; McKenzie

## PRACTICAL

## Electrical Contractors

Will occupy about March 1st, the premises at 1319 Broad Street (next Crystal theatre) with complete stock of electrical supplies. Telephone and Motor Work a Specialty.

1231 Government Street.  
Tel. 885.

—Mrs. Curtis Sampson, hon. treasurer of Carouson Chapter, Daughters of the Empire, reminds members that the annual fee is now due.

—A full rehearsal of those taking part in the Temple of Fame will be held under the direction of Mrs. Hallward to-night in the Metropolitan Methodist church schoolroom at 7.30 o'clock.

—The Aberdeen Association acknowledges with thanks donations of magazines and books from the following: Mrs. Rogers, Mrs. Dewdney, Miss Macrae, Mrs. Brown, Miss B. Rodwell and Mr. Justice Gregory.

—Owing to the fact that the theatre could not be completed in time for tomorrow night the secret concert which was to have been given by the Fifth Regiment has been postponed. It is likely that arrangements will be made for a concert the following Sunday.

—The annual meeting of the Victoria branch of the Vancouver Island Development League will be held on March 15 instead of February 17, as at first scheduled. The reason for the postponement is the absence of the treasurer, Joshua Kingham, at Ottawa.

—The regular monthly meeting of the Local Council of Women will be held on Monday afternoon at 2.30 o'clock in the city hall. All members of the affiliated societies are invited to attend as a most interesting session is promised.

—That really in Hope is booming, as a result of railway construction and mining activity in that section, is shown by the fact that in two days Cross & Company have disposed of 35 lots in that townsite. There is general inquiry for real estate at that point.

—C. E. Redfern & Sons, the long-established and popular jewellers, have issued a dainty calendar, one of the most artistic seen this season. It is a study of a young lady, draped in a costume tinted delicately in purple and blue, wearing in her hair a chrysanthemum, the flower giving the calendar its title.

—The Victoria Building Trades Council met in Labor hall last evening. Elected officers and received their charter from Organizer Ryan, of the A. P. of L. Every union engaged in the building trades was represented. The election of officers resulted as follows: President, Pat Nicholson; vice-president, C. Saunders; secretary, W. Thacker; treasurer, P. Perrott; sergeant-at-arms, L. C. McKay. Finance committee, J. Peters, H. J. Sheehan, George Lister. The officers were sworn in by Organizer Ryan, who received a hearty vote of thanks.

—A building permit was issued yesterday to Arthur E. Haynes for a two-story brick business block to be erected on the south side of Fort street, adjoining the grocery store of Kingham & Company. The structure, which will cost \$13,000, will contain five stores on the ground floor and seventeen offices on the upper floor. James & James are the architects and the contract has been awarded to A. H. Mitchell. Work will commence at once. A permit was also issued to Moore & Whittington for a dwelling to be erected on Edmonston road to cost \$1,800.

## Liberals OF Ward 4

Hold  
**ORGANIZATION MEETING**

Forester's Hall, 1415 Broad Street.

Tuesday Evg, Feb. 14

At 8 o'clock.

Come and be a charter member of

**THE BIG FOUR**

REMEMBER

Ward Two Smoker, Forester's Hall, Feb. 9.

Ward Five Organization, Forester's Hall, Feb. 28.

J. C. McINTOSH,  
Convener.

FIFTH REGIMENT, C. G. A.

(Signed) P. T. STERN, Captain,  
Acting Adjutant.

## HEALTHY CHILDREN ARE A BLESSING

Healthy babies are good babies, and the good baby is a blessing in every home. Nothing can give the mother or father more pleasure than to see baby play. Every movement is watched with delight; every new word spoken brings pride to the fond parents. It is only the sickly baby that makes home wretched—and, mothers, it is not baby's fault when he is sick. You are the one to blame. Perhaps you give him candies, cakes and other food which his little stomach is unable to digest. Then when he is cross and ailing you give him some "soothing" mixture to quiet him. That is wrong—remember his little stomach is not as strong as a grown person's, and also remember that every spoonful of "soothing" mixture you give him only does him more injury—it does not remove the cause of his fretfulness—it merely dopes him into an unnatural sleep. What is needed to make baby healthy and happy is Baby's Own Tablets—a medicine with a guarantee of safety. About them Mrs. Mathies McCormick, West Street, Peter, P. E. I. writes: "We have used Baby's Own Tablets with good results. They are certainly a blessing for mothers that have cross sickly babies. They sweeten the stomach; give refreshing sleep and make baby fat and healthy." Sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## INSTALLED OFFICERS ST. ANDREW'S LODGE

Large Attendance of Masonic Brethren at Function Last Night

Last night at the Masonic Temple, Douglas street, in the presence of a large and representative attendance of the craft, the installation of officers of St. Andrew's Lodge, No. 42, A. F. & A. M., took place.

The grand master of Masons in British Columbia, M. W. Bro. E. B. Paul, M. A., together with his staff, officiated in their usual efficient manner. Those taking part included: R. W. D. G. M., F. Burde; Past Grand Masters McKenna, Houston, Wilson and Dalby; R. W. Bro. E. Harrison, R. W. Bro. J. R. R. V. Bro. A. F. Green, W. Bro. B. S. Oddy, W. Bro. E. Howard Russell, Bro. Rev. C. E. Cooper, W. Bro. W. T. Phillips, W. Bro. S. M. Manuel, W. Bro. M. Barr, W. Bro. W. Riddell, W. Bro. A. P. Forbes.

The following are the installed officers of the lodge for the ensuing year: Worshipful master, W. Bro. Albert P. Griffiths; immediate past master, W. Bro. Edward E. Leeson; senior warden, Bro. Richard Angus; junior warden, Bro. William J. Wason; chaplain, Bro. Walter H. Sheldrick; treasurer, W. Bro. Peter J. Riddell; secretary, Bro. Hubert D. Tilly; senior deacon, Bro. Ernest C. Hayward; junior deacon, Bro. Jas. Herlick McGregor; director of ceremonies, Bro. Francis H. Swilling; inner guard, Bro. Fred H. Hurling; steward, Bro. Chas. S. Baxter; steward, Bro. J. Sterling Floyd; Tyler, Bro. F. Hilliger.

Among those present were eight past grand masters of this province and eighteen past masters.

During the evening W. Bro. R. F. Green, on behalf of the members of the lodge, presented a past master's collar and jewel to Immediate Past Master W. B. Leeson as a mark of appreciation and esteem, to which the recipient replied.

After the ceremony supper was provided, and the following toast list gone through:

His Majesty the King, "Ay, every inch a King"—Shakespeare.  
The President of the United States of America, "And touched nothing that he did not adorn"—Johnson.  
The M. W. Grand Master, E. B. Paul, M. A., and Officers of Grand Lodge, Past and Present, "Men endowed with worthy qualities"—Two Gentlemen of Verona.

The Worshipful Master and Officers of the Lodge, "They bear their blushing honors thick upon them."

The Visitors, "Give them a friendly welcome, let them want nothing that the house affords."

The Tyler's Toast, "Comrades! Good night! Go home and say: 'My dear, I was the first to come away!'"  
Music was provided and songs by Bros. J. S. Floyd, E. Waddington and W. Williams, accompanied by W. Bro. E. Howard Russell, B. A.

The principal speakers were: M. W. Bro. E. B. Paul, M. A.; W. Bro. S. I. Willis, W. Bro. A. F. Griffiths, W. Bro. S. James, W. Bro. C. McNeill, Bro. Hon. Richard McBride, Bro. Hon. F. H. Patt, Bro. Hon. T. Taylor, Bro. H. C. Brewster, Bro. J. Herlick McGregor, Bro. H. D. Tilly.  
This lodge was formed three or four years ago, the founders of the lodge being: Worshipful master, W. Bro. P. J. Riddell; immediate past master, W. Bro. R. F. Green; senior warden, Bro. G. I. Fox; junior warden, Bro. E. E. Leeson; chaplain, Bro. A. J. Brace; treasurer, Bro. T. D. Veltch; secretary, Bro. H. D. Tilly; senior deacon, Bro. A. F. Griffiths; junior deacon, Bro. J. Forman; director of ceremonies, Bro. A. C. Burdick; inner guard, Bro. R. Angus; stewards, Bros. F. L. Wilmer and H. E. Hewitt; Bros. J. W. Astley, J. J. Coleson, Lindley Cross, E. A. Harvey, D. R. Irvine, Richard Jones, C. M. Roberts, E. O. S. Schofield, H. J. Scott, H. J. Wason.  
Past Masters: 1908, W. Bro. R. F. Green; 1909, W. Bro. P. J. Riddell; 1910, W. Bro. G. T. Fox; 1911, W. Bro. E. E. Leeson.

## ORGAN RECITAL

Splendid Programme to Be Rendered in St. Andrew's Cathedral.

The following is the programme to be rendered at the organ recital and concert to be held in St. Andrew's cathedral on Wednesday next at 8.30 o'clock, and for which tickets (50 cents) are on sale at all the music stores, at Challoner & Mitchell's, Fitzpatrick & O'Connell's, and at the door on the night of the concert:

## SPEEDY INFIELDER

### FOR LOCAL TEAM

Householder Signs Up Third Baseman From the Outlawed Cactus League

More material for the home team. Householder writes Wattleit that he has signed up one of the fastest men in the Outlaw leagues. Billy Goodman is his name and Billy is going to give Riggs and Millon a hard race for the privilege of holding down the third sack. He was caught wandering around Oakland, California, and taken into custody by Playing Manager Householder. That doughy man will have scraped the southern part of the west as free of ball-players as Victoria is free of amateurs before he is through.

Billy Goodman is straight from the Cactus league, where he made a splendid record as an infielder and a batter. He played in the Wisconsin-Minnesota league in 1909 and during the season made a batting percentage of .216, coming to the bat 336 times. He also took third place among the third-basemen in the league, playing 110 games, making 169 put-outs, 287 assists and only 29 errors.

## SPORT NOTES

Jack Johnson is at present spending a two month's holiday in San Francisco. There will be absolutely nothing doing in the light line for quite a while as far as Jack Johnson is concerned but when interviewed the champion is reported to have said: "About matches? I called Langford's bluff with coin and he skidded to England. I don't think Kaufman is any too eager to meet me. Carl Morris, the Oklahoma 'hope' is evidently looking for soft ones for a while, but if he shows the necessary class I guess I'll be able to accommodate him."

Right-handed slugging outfielders are becoming a very scarce commodity. In fact, the species is almost extinct. It is hard to get one of these nowadays, even among the juveniles, for almost every young outfielder breaking into fast company hits left-handed. They have all been told that left-handed batting is the caper, and from childhood up the juniors now work left-handed against all kinds of pitching. Out of every ten fielders that come into fast company, eight are left-handed hitters. As a result right-handed slugs are becoming scarcer than flowers in Greenland during December.

Hal Chase is one of the three best first basemen in the world. It is expected that something more like his playing will be seen in Victoria this year, than has been since he left.

On Tuesday the Vancouver branch of the B. C. A. A. U. reinstated George Bright "Little Tich," former amateur bantamweight boxer of this province. Bright was professionalized about two years ago for boxing at a professional tournament held in North Vancouver. It will be remembered that Bright, who is little more than paper-weight once lost a decision to Joe Bayley.

Owens Bush, the midjet shortstop of the Detroit Tigers, got more bases on balls than any other American League player. Rush receives 81 passes. Miller Huggins, in 151 games in the National League, walked 116 times.

"Duke" Farrell, the veteran backstop, who will coach the Yankee pitchers in the South, predicts a great season for the Yankees.

Battling Nelson is going the same route that Joe Gans and so many other fighters have gone. Such is the opinion of Young Otto the New York lightweight. Otto says Nelson splits blood after every great effort and is evidently weakening fast. He predicts the Dane's early retirement.

New York newspapers agreed to-day that George Hackenschmidt would have little chances with Champion Frank Butch as a result of his miserable exhibition last night in a match with Zbyzco. Hackenschmidt was unable to throw the Pole in the allotted 90 minutes. Seven thousand persons saw the exhibition.

Frank Gotch, champion heavyweight wrestler, is on record with the promise to wrestle the winner of elimination bouts between Hackenschmidt, Mah-mout and Zbyzco in what he insists will be his last championship match. Gotch's declaration came in a certain speech after he had dropped four heavyweights, George and Lewis Glon, Paul Romanoff and Charles Peters in 26 rounds.

One baseball critic, who has been a keen observer of conditions in the American League teams and who has watched changes in the personnel of the teams, places Boston sixth and the White Sox second in the race for the pennant in 1911.

Long John Anderson, the former Yankee, who boasts the record triumph of first company in stealing second with the bases full, will try to come back as first sacker of the Providence Grays this year.

"I am off for a two month's holiday and when I get back the 'cheese' champion will either fight me or get out of the game," declared Battling Nelson to-day commenting on the recent Wolgast-Brown fight at Philadelphia.

## ANGUS M'KAY SAYS

### THAT HE WILL BOX

Will Obtain His Amateur Card Before B. C. Tournament Takes Place

Angus McKay, who was barred from boxing in the Victoria West Athletic Association's tournament last week on a charge of being a professional, has declared his intention of taking part in the B. C. championship bouts, which will be held in this city on March 6. Just before McKay entered the ring on Thursday night, Referee Billy Hall read a telegram from Hammond Gowen, Vancouver, to A. J. Bruce, secretary of the Victoria branch of the B. C. A. A. U., which read: "Angus McKay is suspended. Prohibit him boxing. Serious. All writing."

So far Mr. Bruce has received no word from Vancouver and the only conclusion that can be come to is that there is nothing in the charge of professionalism against McKay. Angus thinks that he will have no trouble in obtaining his B. C. amateur card, and that he will have a clean bill of health before many days are past.

The young fighter will enter in the 125-pound class, and judging by the splendid record he has made in the two years he has been in the game will be a likely aspirant for championship honors. His brother Donald will not enter as he cannot make the 115-pound class and does not wish to go up against his brother in the 125. The two McKay's hail from Toronto, where they commenced their ring

DONALD MCKAY.

The clever little 115-pound wrestler, who is out with a challenge to wrestle an amateur in British Columbia at that weight.

career in 1909, Angus at the age of 15 and Donald at 19. Donald has not long been in the boxing game, his specialty being wrestling. The following is his record:

1909—Wrestled Arthur Nurse before the Toronto B. A. U. C. in the 115-pound class and won in two straight falls. Challenged the Canadian champion in that class, George Perry, Y. M. C. A., Toronto. Perry refused because he could not make the weight.

1910—Entered B. A. U. C. handicap match and won from Wrestler Johnson in two straight falls. Time, 12½ and 1½ minutes. Entered Toronto I. C. A. tournament and lost one and won two bouts. Trained Jack Miller, who entered Canadian championship tournament at Winnipeg and won two bouts, but lost out in finals. Entered Victoria West boxing tournament, held here last Thursday and won from P. Scott in 125-pound class in the third round.

Angus has, in all, taken part in 12 contests and of these has won 8, lost 3 and drawn 1. In the spring of 1909 he lost to Dixon of Halifax in the 115-pound class, in three rounds. In the Canadian championship tournament at Toronto last April he got a decision over P. Shea in a three-round go, in the 115-pound class. He then boxed Fred Lansdowne, present 115-pound champion of Canada and lost in three rounds. Last fall in the Empress boxing tournament he went up against Grumbell of the "Rainbow" and won in two rounds.

**DR. CHASE'S OINTMENT**

## LOCAL SCHOOL BOYS

### START OFF BADLY

Vancouver Easily Wins Basketball Match—Rugby Team in Bad Shape

The first victory has gone to Vancouver in the basketball match last night in the V. A. C. hall, Vancouver, the Victoria High school students were obviously outclassed by the boys whom they wanted so handsily a few months ago in Victoria. The score was 32 points to 14.

This is a bad beginning, and judging by the disrupted state of the Rugby team which is playing against the Terminal City in the McKechnie cup series this afternoon there may be worse to follow. Last night's team representing Victoria was: Full back, K. Gillespie; three-quarter, Vincent, McGuigan, Cars and Nelson; half backs, Newcombe and Rich; forwards, Spence, Sweeney (Leo), Scott, Hopgood, Miller, Milligan (A.), Day and Brown (C.)

## FENCING

There are times when one feels dull and rather discontented. Such times rarely come to those who fence with keen interest because the mind can instantly revert to some combination of parries and attacks and such momentary dismissal of dull care brings with it the reaction which tends to make one be up and doing.

Two things are very necessary to possess in order to become a clever fencer, patience and enthusiasm; the latter even stands before the fencer, of all things, cures the plodding walk of the inveterate golfer and brings into one's character that refinement which does not always enter into other games.

Open air exercise is always a necessity but in comparison to the number of muscles there are in your body what scientific exercise do, you follow up in fencing, you use those muscles your body possesses and which, by the way, it is the right of the muscle to expect?

Sports are of value only in due relation to the application of mind and body. So many people in speaking of fencing desire to know, "What is its practical value?" The easiest answer is that it can be followed up, even to old age and keep every muscle in trim and in time. What more does one need?

The present life is ours to live and as the world is a university it behooves us to occasionally regard our bodies as of considerable importance. Whoever saw a fencer with rounded shoulders and lack of lustre? Why, the click of the steel itself gives tone to the vibrations and adjusts all nervous symptoms. For anyone of a hysterical temperament fencing will do wonders, and for growing children there is nothing better. What is more, the dignity of sport grows into the mind and naturally comes out again in graceful manner, deportment and speech. It is really part of a gentleman's and gentlewoman's education. By this it is not meant so far as children are concerned, indiscriminate poking and prodding without masks or gloves, as has been known in some schools!

The essence of clever fencing is shown in self-control, decision and delicate movement.

RICKARD WEST.

## CAT CLUB

Members Propose to Look After Pet Animals—Will Build Hospital.

The members of the Victoria Cat Club, which was organized not many months ago, are working hard to raise money for the following purposes: 1. To provide homes and shelter for stray cats, caring for those in health and putting away those diseased. 2. To establish a hospital where sick animals could be taken care of and restored to health. 3. To provide a boarding place where pet animals of all kinds could be looked after during owner's absence.

For the furtherance of the above work the committee have decided that a dance be given in the Broad street hall on February 22, and that an admission of \$1 for lady and gentleman and 50c. for extra lady be charged. A card room will be arranged for non-dancers and a good time is assured all who attend. The committee also decided that each member guarantee \$10 towards the fund, either by getting subscriptions, selling their own work, or personal donation; that each member in succession give an "American article," every member bringing some article for sale at said tea and also buying some other article, proceeds to go to fund; that each member invite her friends and the members of the club to her house for a social tea and cards, taking up a silver collection for the fund.

The following are the names of those who are endeavoring to put this club on a sound working basis: Founder, Robert Largo; patroness, Mrs. T. N. Patterson; president, Mrs. Walter McKinnon; vice-president, Mrs. W. M. Mitchell; secretary-treasurer, Mrs. H. L. Kelly, King Edward hotel; veterinary surgeon, Dr. H. Brown; Dr. and Mrs. Felder, Seattle; Mr. and Mrs. L. N. Curtis, Seattle; Mrs. Troughton, Vancouver; Mrs. A. White, Mr. and Mrs. French, Mrs. McLaren, Mr. and Mrs. Hamilton, Mrs. Rathorn, Mr. and Mrs. Rogers, Mrs. Hickford, Mrs. Souden, Mrs. McQuarrie, Mrs. Barton, Burnett avenue; and Madame Russell,

whose small son suggested the formation of a juvenile branch of the Cat Club, which was done, he being the first member admitted.

## HORSE TRADE

Immense Lalue of Tqulne Stock in This Country

A few years ago, and a very few years at that, there was but one horse mart in the city, but that one was so well conducted that it attracted national attention, and at the time of the Boer war, the attention of the imperial authorities, with the result that other establishments cropped up and Toronto became the centre of the horse trade in Canada, says the World newspaper of that city. It may not be generally known, but long before this Montreal was the centre of the business and from that port quite an export trade was conducted. With the decline of export has come a greatly developed home market, of which Toronto, with its twelve or thirteen hundred states weekly is not only the undoubted centre but practical monopolist. As showing the importance and value of the trade and the value of the horse industry generally, it is interesting to note that taking twelve hundred as the basis of calculation the value thus arrived at, accepting the official valuation of \$150 apiece, is \$180,000 per week, or at the rate of upwards of nine million dollars a year to be exact at the rate of \$5,500,000 per annum and this be remembered, is from a single city. Taking the population of Toronto at four hundred thousand, or one seventeenth of the whole Dominion, if the other sixteen parts do 25 per cent of similar business each, we have a grand total of \$46,500,000 per annum, that changes hands in the Dominion for horse trade alone. While these mammoth figures may not nearly be reached, while indeed, Toronto's annual trade may not amount to more than one half of the amount first given they are sufficiently approximate to set people thinking and to furnish some idea of the magnitude, value and importance of the horse trade. After all if all the classes of horses are taken into account and if there be as supposed, 150,000,000 horses in the country, the volume and value of the transactions may not be so tremendously over estimated as at first sight might be thought. And just imagine it, 1,500,000 at \$150 apiece means that there are in the Dominion horses to the value of \$225,000,000. Surely, in the light of these figures, apart from the quantity of feed, stabling, equipment and labor that the maintenance of this vast and valuable host entails, the industry is deserving for the utility it represents of both national and provincial encouragement to a far greater extent than it receives.

## KENNEL CLUB

The Victoria Kennel Club show will be held on March 29, 30 and 31. The committee are now arranging a premium list which will be the best yet offered by the club. They are also negotiating for one of the best judges in the East. The coming show will be the opening of the coast circuit, and will be followed by shows at Vancouver, Tacoma, Portland and San Francisco.

## WILL MEET AGAIN

New York, Feb. 11.—Champion Ad. Walgast will be given a chance to even up matters with "Knockout" Brown, March 3, when the two will meet before Tom O'Rourke's National Sporting Club of America, in a ten-round bout. The boys will meet at 133 pounds ringside.

## TOURNAMENT POSTPONED

Owing to the fact that March 4 falls on a Saturday, the B. C. championship boxing tournament has again been postponed, and is now scheduled to take place on Monday, March 6.

Plants growing near the sea have thicker leaves than those growing inland. Apparently the sea salt is the cause of this phenomenon, as plants cultivated in artificially-salted soil yield thicker leaves.

An interesting test has just been made by a Frenchwoman. With a view to testing the sustaining powers of chocolate, she lived on that alone for sixty days, and lost but fifteen pounds in the interval.

## Kendall's Spavin Cure

The cure that saves horses and farmers millions of dollars every year. It is known the world over as the one certain, reliable remedy for Spavin, Curb, Splint, Ringbone, Bony Growths and any Lameness. Cases just developing and old, stubborn sores and swellings readily yield to the wonderful curative powers of this famous remedy.

Orangeville, Ont., Dec. 21, '08 "We had a horse which was getting very lame on account of a Spavin. I was anxious about him as we could not work the beast when we most needed him.

Our teamster saw Kendall's Spavin Cure in the store and tried it.

I am pleased to say he had success as the horse has stopped limping and is doing his day's work."

W. A. NICHOLSON.

Don't worry about Spavins, Growths, Swellings or Lameness, but use Kendall's Spavin Cure. It cures every time. The world's best liniment for man and beast, \$1. a bottle—6 for \$5. Get our book "A Treatise On The Horse," free at dealers or from us.

## ARCHBISHOP RYAN DIES AT PHILADELPHIA

(Times League Wire.)

Philadelphia, Pa., Feb. 11.—Archbishop Patrick J. Ryan died here this afternoon.

Archbishop Ryan was born at Thurles, County Tipperary, Ireland, February 20, 1831. His family was descended from the O'Ryanas, princes of Ireland. His earliest schooling was under the care of Christian Brothers in the Naughton school in Dublin. In 1847 he entered the seminary at Carlow. He graduated when 21 years old and came to this country with the Rev. Patrick Feehan, to take up his work in St. Louis. Since he could not yet be ordained for the priesthood, he entered the seminary at Carondelet as a professor. In September, 1853, Ryan entered twenty years' service as a missionary. He worked as assistant in the cathedral of St. Louis and as attending priest in the Gratiot prison. In 1868 Father Ryan was chosen to accompany Archbishop Kendrick on a tour of Europe, during which Pope Pius IX appointed him to preach the English Lenten sermons in the Catholic capital.

When the failing health of Archbishop Kendrick demanded a coadjutor's assistance, Father Ryan was appointed to that position in 1872. In January, 1884, he was appointed Archbishop of St. Louis, and on August 18 of the same year, Archbishop of Philadelphia. He was formally installed on August 20, 1884.

### TO CARRY OVER

Electric Railway Will Be Built in Alaska.

Valdez, Alaska, Feb. 11.—By the first of July, Valdez will have an electric railway in full operation. The line is not intended for passenger use but to transport ore from the mines on Mineral Creek up to the mills four miles out. Surveyors have just finished laying the route and the work started today with a big construction gang sent up from the States.

### PERSONALS

Mr. and Mrs. J. H. Baker left on yesterday's boat for Seattle.

Mr. and Mrs. C. N. Tubman leave for Seattle for a week's visit.

Mrs. A. B. Steele, 743 Vancouver street, will be "at home" to her friends Tuesday, Feb. 14.

J. C. McIntosh, Liberal organizer for Victoria, is seriously indisposed, and will be confined to the house for some days with an attack of measles.

Geo. H. Aylard, New Denver, who has been mining at Silverton for some years, has come to Victoria with his family, has taken Captain Johnston's house on Menzies street.

The marriage of Mr. William McArthur, Lanarkshire, Scotland, and Miss Jeanie Cumming, Dunfermline, Scotland, was solemnized last evening at the residence of Mr. Torrance, 735 King's road, by Rev. W. Leslie Clay. Mr. George McMahon supported the groom and Miss Janet McArthur acted as bridesmaid.

The marriage of Mr. F. C. Fugle, of this city, and Miss Annie Ridge, daughter of Mr. W. J. Ridge, Duncan, took place at the residence of Mrs. Abbott, Maple Hill, Saanich, on January 25. On their return from the honeymoon, the young couple will reside on Menzies street, James Bay.

Mrs. Gaudin, John Villa, Craigflower road, has issued invitations for an "at home" for Monday next, in honor of her daughter, Miss B. Gaudin, whose marriage to Mr. Raymond M. Bond will take place on Wednesday next, at St. Andrew's cathedral.

Mr. and Mrs. F. T. Graham, formerly of Markdale, Ont., arrived in the city this week and will take up their permanent residence here in future. Mr. Graham was one of the leading business men of the Ontario town and will invest in some local business. Mr. and Mrs. Graham are the guests of George McGregor, Cloverdale avenue.

### VIEW STREET WORK

Tenders For Clearing Site Before Council Last Evening.

At last evening's meeting of the city council bids were opened for the work of clearing the area of land in the ruins of the recent big fire which will be required by the city in the work of extending View street through from Government street to Broad street. Three tenders were received, as follows: B. W. Smith, \$2,350; A. O. Roy, \$2,500; Murray & McKinnon, \$2,190.

Ald. Gleason moved that they be referred to the city engineer and the purchasing agent for report.

Ald. Moresby felt that the contract should be awarded to the lowest tenderers at once.

Ald. Langley and F. H. M. Fullerton felt that the city should have put in a bid itself, if there was any question as to the work being done on a better basis than disclosed by the tenders received.

The mayor remarked that the building inspector anticipated that something would be allowed the city for the material on the ground.

It was finally decided to leave the matter in the hands of the building inspector, the city engineer and the chairman of the streets committee with power to act.

### CITY AND OAK RAY

No Move Yet Made by Victoria to Contest Injunction.

The city solicitor has as yet taken no action to contest the injunction granted E. V. Rodwell, K. C., yesterday afternoon by the Chief Justice, estopping the city of Victoria from shutting off Oak Ray's supply of water. The order of the court restrains the city from interfering in any way with Oak Ray's supply until the parties are heard by the court, the city having the right on two days' notice to move that the injunction be dissolved.

The further hearing of the application of the municipality of Oak Ray to be empowered to make connection with the system of the Esquimalt Water Works Company, comes before the private bills committee of the legislature on Tuesday next.

### LOCAL NEWS

—Rev. Herbert B. Gray, D. D., who was for thirty years pastor of the First Baptist Church, Berkeley, will preach in St. John's church at morning service to-morrow.

—All members of the Knights of Pythias of the past chancellors rank are requested to meet in the K. of P. hall to-morrow afternoon at 3 o'clock for the purpose of forming a past chancellors association.

—At the North Ward park this morning the Central School Junior soccer team, under 14, defeated the Victoria West team by a score of one to nothing, thus practically clinching their hold on the junior school league.

—Thomas Eccleston and Joseph Murphy, charged in the police court this morning with stealing three pairs of blankets from Edward Coleman and pawning them in a Wharf street second-hand store, were convicted and given three months each.

—Two youths, believed to have been the perpetrators of the hold-up and assault on a Chinaman on Bank street on Thursday night, were arrested yesterday by Detectives Hutchinson and Handley and arraigned before Magistrate Jay this morning. The case was remanded until Tuesday.

### OBITUARY RECORD

The funeral of the late James Douglas Donaldson took place yesterday afternoon from the B. C. Funeral Parlor, where services were conducted by the Rev. W. Leslie Clay. There were many friends present at the funeral. The hymns, "Jesus, Lover of My Soul," and "Rock of Ages," were sung. The pallbearers were A. A. Doran, O. H. Horne, J. B. Jameson, W. J. Burnett, L. G. Godel and C. J. Jameson.

The funeral of the late Martin James Dodd will take place from the family residence, 209 Henry street, Victoria West, to-morrow afternoon at 2:30 o'clock. Rev. Donald McRae will officiate.

The funeral of the late Mrs. Katherine Ecker took place this morning from the Victoria Undertaking parlors and fifteen minutes later from the Roman Catholic cathedral, where mass was said by Father Laterne. Numerous beautiful floral tributes were presented by friends of the deceased. Rev. Father Daily conducted services at the Ross Bay cemetery, where interment was made. The pallbearers were: H. J. O'Leary, W. H. Horne, D. H. Hadden, L. J. Quagliotti and S. A. Bantley.

The funeral of James Cunningham, who died at the Jubilee hospital yesterday morning, will take place on Monday at 11 a. m. from the Victoria Undertaking parlors. Rev. G. Herbert Cook will officiate.

Another pioneer of British Columbia has passed away in the person of William T. Collinson, who died yesterday afternoon at the home of his daughter, Mrs. W. B. Naylor, 436 Government street. He was born in Yorkshire seventy-one years ago and came out to the Cariboo country when a young man. Later he settled on Mayne Island, where he was one of the most highly respected citizens. For thirty years he was postmaster there. A short time ago he had come to the city for medical advice, but was unable to gain relief. The funeral will take place on Monday morning by V. & S. train and boat to Mayne Island, where interment will be made on Tuesday. Mr. Collinson was a member of the Church of England. He leaves a wife of one son and three daughters—Melville, at sea; Mrs. Naylor, Mrs. J. W. Collins; Mrs. L. David, Mayne Island. A brother, Joseph H. Collinson, lives in Chilliwack.

### ORANGE GRAND LODGE

The grand lodge meetings of the province of Orange associations will be held here next week, in Foresters' hall, Broad street.

On Tuesday the Royal Black Chapter and Royal Scarlet Chapter will meet. On Wednesday the grand lodge of the Orange association will open at nine o'clock.

It is expected that before the lodge goes into session Mayor Morley will welcome the delegates to the city. Sessions will be held on Wednesday and Thursday. The headquarters of the grand secretary will be at the Dominion Hotel.

### SEATTLE'S NEW MAYOR IN OFFICE

Seattle, Wash., Feb. 11.—"Hello, George," "Hello, Hiram." That was the way the recalled mayor stepped out at noon to-day and the new mayor came into office. When George W. Dilling stepped into the city hall Mayor Hiram C. Gill and he shook hands warmly. This was the passage of the Gill administration marked.

Mayor Dilling took the oath of office and was sworn in by Judge J. T. Ronald of the Superior court.

Chief of Police Charles W. Wapenstein and R. W. Arms, the superintendent of the municipal electric lighting plant, handed their resignations to Mayor Gill this forenoon.

### DIED

DONALDSON.—On the 8th February, 1911, at the residence, East Sooke, after a short illness, James Douglas Donaldson, son of the late Alexander Dawson and Mrs. Donaldson, aged 35 years, and a native of Victoria, B. C.

His remains will be brought to the city for burial, and the funeral announcement will be made later.

### Too Late to Classify FOR THE MOST POPULAR FORM OF ADVERTISING IN TOWN TRY THIS COLUMN

## Investment Fact No. 6

Mr. E. Jacobs, one of the best known mining critics of B. C. in his weekly letter in the Vancouver Daily Province of Nov. 26, 1910, gives the following facts:—

"The Granite-Poorman group comprises thirteen crown-granted mineral claims, approximately 350 acres in total area, and a mill site of 24 1/2 acres. While much work has been done on some of these claims, there is much ground as yet unexplored, so that the potentialities of the group are believed to be large and the prospect for a long period of profitable operation good, for each year developments have been satisfactory and have added to the productivity of the property."

"Substantial improvements were made during 1909 at both mines and mill. At one of the former there were erected a large ore bin and sorting house, a loading station to connect with the tramway, and a new blacksmith and machine shop. All these were in connection with the new tunnel. On the aerial tramway the 1/2 inch running cable which was becoming worn, was replaced by a new steel 3/4 inch cable. At the mill new mortar boxes were placed under the four 5-stamp batteries. There were also put in a full set of silver-plated amalgamating tables, and a new classifier. Repairs were made as well to the four Wilfley concentrating tables. These various improvements cost in all more than \$4300."

## Kootenay Gold Mines Limited

Head Office:  
NELSON, B. C.

### BOARD OF DIRECTORS.

Major-General, the Rt. Hon. Lord Aylmer, late Inspector-General of the Canadian Militia, Queen's Bay, B. C.; J. P. Swedberg, Mine Owner, Nelson, B. C.; Thos. Gough, Mine Manager, Nelson, B. C.; E. E. Gullie, Stamp Mill Manager, Nelson, B. C.; J. T. Beahy, Fruit Grower, Nelson, B. C.; Wm. Colman, Capitalist, Vancouver; E. B. McDermid, Financial Agent, Vancouver.

The highest commendation has been given to the proposition of this company by men who have investigated it. The low capitalization of \$250,000, the absence of promoters' stock, and the fact that the tangible assets equal the authorized capital, have caused the unqualified approval of discerning investors.

Any estimate of the tangible assets takes no account of the fact that by far the larger proportion of the property is undeveloped, and judging from the development work that has been done, there is a prosperous future ahead of the company.

The shares are of a par value of \$1.00 each. The final issue of 50,000 shares is being placed at par. It is worthy of note that the citizens of Nelson are proportionately the heaviest subscribers of this stock.

The prospectus with 15 full page illustrations of the property can be had by addressing Dept. "O."

## WHO PAID THE COUNSEL FEES

LIM BANG SAYS TO

"GO AND ASK HIM"

Chinese Witnesses Heard of Doings of Their Board of Trade and Counsel

The Chinese commission spent yesterday afternoon trying to discover from a number of Chinese merchants the person or persons responsible for the engagement of W. J. Taylor, K. C., who appeared at the passport examination in October last on behalf of the Chinese board of trade.

Wong Wah and Lim Bang admitted having gone to Mr. Taylor's office on behalf of the board of trade, to engage him, and the commission then directed its efforts to discovering who paid Mr. Taylor for his services. After an afternoon of examination of Wong Wah, Lim Bang, Wah Yan Kin, president of the Chinese board of trade, and Chung Yuk Sang, secretary of that body, the commission got no nearer the point, except to discover that Mr. Taylor has, according to them, not yet been paid.

The commission also got advice from Lim Bang, who in an exasperated tone remarked: "Who pay Mr. Taylor? That you go and ask him? He tell you, I don't know."

Mr. Taylor has, according to the Chinese members of the upper set of merchants who compose the Chinese chamber of commerce, not been paid for his appearances on their behalf. They have agreed to pay him, they say, but in the words of Wah Yan Kin: "Mr. Taylor has not yet been paid."

Mr. Taylor has not yet been paid, nor has he sent the bill in yet. Dominion Counsel George E. McCrossan, in examining the president and other Chinese witnesses yesterday afternoon, expressed the opinion that Mr. Taylor had not sent in his bill because he had been paid for his services by the Yip On family at Vancouver, who, Mr. McCrossan believed, were the real employers of Mr. Taylor, and he emphasized his opinion by a search with the interpreter into the records and the minute book of the chamber of commerce. In this was a lot of important business regarding the chamber and the passport men, but although the witnesses persisted that Mr. Taylor had been employed by the chamber the minute book contained no note of the authority or resolution to employ him.

Wong Wah and Lim Bang both admitted that they had attended a meeting about the time Mr. Taylor was employed, of the See Yup association, through which, the investigating counsel is alleging, Yip On, the Vancouver interpreter, secured the attention of the board of trade and induced its members to engage Mr. Taylor for him, he paying the fee and the board of trade covering up the connection with the Vancouver interpreter.

Mr. Taylor's employment took place about the end of September, and the investigating counsel could not understand how it was Mr. Taylor had been so long sending in his account. As a lawyer himself, he said, there could be only one solution of it, that Mr. Taylor had been paid by others than those who engaged him, or apparently engaged him.

Neither Wong Wah or Lim Bang, who both admitted having been at the See Yup meeting which was held just before the board of trade meeting, could remember who were the officers of the See Yup society. They both admitted membership. Wong Wah did not think there were any officers. "Members just went there," he said.

Lim Bang averred that he did not stay at the meeting because he was called out on important business which, he said, kept him all night, therefore "it was impossible for him to remember anything at all about the See Yup meeting. His memory was very clear on the business that called him away and kept him busy all night."

Lim Bang admitted that he had been to see Mr. Templeman some years ago to ask the Minister of Mines to recommend him for the position of interpreter at Vancouver. He said he had told Mr. Templeman there was big money in the ticket business. Lim Bang said he had never heard there was any "graft" in it, but now he was very glad he had not obtained the position because of the trouble Yip On had got into.

Mr. McCrossan spent some time with his witnesses trying to get an admission that some Vancouver Chinese were at the See Yup meeting, but the witnesses could not remember. Lim Bang said he had not even taken the trouble to ascertain what had transpired at the meeting. When questioned about Mr. Taylor's fee, Lim Bang said first he did not know, and when Mr. McCrossan returned to the matter he replied with considerable heat that the examining counsel could go and ask Mr. Taylor, who paid him for his services.

Wong Wah when in the witness box adopted the "I don't know" line of answer to almost everything that could not be forced from him without a crowbar. Referring to the lack of a resolution on the board of trade minutes about the employment of Mr. Taylor, he said it was up to the secretary.

Mr. McCrossan replied: "He is a pretty big secretary then?" The secretary, who cannot talk English, had the remark translated to him by a Chinese in the room and appeared greatly amused, for he was convulsed with laughter.

From the minute book of the board of trade it was learned that the Chinese held several meetings regarding the passport men, the book containing resolutions for action to be taken by the English secretary, and by the foreign committee. There is also a resolution that the authorities be called to at Hongkong to take the matter diplomatically. The witnesses said the cable was not sent, because they were advised by Mr. Taylor to drop the matter. The commission, however, holds the original of a cablegram costing \$92

sent by a member of the Yip On family from Westminster just after the meeting of the board of trade, telling the full resolution of the board of trade and asking the authorities at Hongkong to take the matter up according to the board of trade resolution.

When the president of the board of trade was in the witness box he was unable to read from the minute book because his eyesight is not good and he had left his glasses at home. Wong Wah, who stirred up the board of trade to hold its meetings, was asked by Mr. McCrossan if it is not a fact that he is a great friend of Yip On's. The answer was: "Not quite."

Mr. Justice Murphy drew the witnesses' attention to the fact that several important things were noted of length in the minute but there was no trace of the resolution to employ Mr. Taylor, which the witness said had been passed. Witness replied he was unable to account for it. He also said the See Yup society had no officers. He was a member but did not remember anyone asking him to join. He had joined.

The interpreting done at this session was through a bright young Chinese, who remarked that he was marine editor of the Chinese Daily Gazette.

William Marchant, inspector of customs, having telegraphed to Rossland regarding the seizure of opium there, referred to the day before, told the commission he had received a reply that the seizure consisted of four hundred one-half-pound tins. It had been sent to Ottawa. Mr. Marchant advised that public prosecutions should take place where Chinese were detected of fraud, and that an interpreter should be appointed. He also thought a reward system for the discovery of opium should be instituted. Previously the official making a seizure received part of the proceeds of the same as a reward, but now the opium was sent to Ottawa and destroyed. There should be another method of rewarding diligent officers. The inspector also read reports he had made to Hon. William Templeman regarding Union Bay.

## "77" Humphreys' Seventy-Seven Breaks up Colds and GRIP

EAST TO WEST.  
Grip travels from East to West, the prevailing epidemic is no exception.

"Seventy-seven" taken early, shortens the attack. Don't wait until your bones begin to ache; until the development of Influenza, Catarrh, Pains and Soreness in the Head and Chest, Cough, Sore Throat, General Prostration and Fever, or the cure may take longer. Humphreys' Homeo. Medicine Co., Cor. William and Ann streets, New York.

EDISON'S PREDICTION.  
Only Matter of Time Until Way to Manufacture Gold is Found.

New York, Feb. 11.—Thomas A. Edison, inventor, is to-day celebrating his 64th birthday. Edison's most important statement recently has been that it is now only a matter of time, possibly of a very short time, when a way to manufacture gold will be found. Then, declares the wizard, the financial system of the whole world will be upset.

Edison also predicts that within the coming century poverty will be abolished, owing to the discovery of cheaper methods of manufacture. Moreover, he declares that the working men of America will precipitate a great economic and industrial change within ten years.

REG. TRADE MARK  
**"Cravenette"**  
PROOFED BY  
THE Cravenette Co. Ltd.

None Genuine Without this Stamp

has come to be so well known that, to many people, it simply means "waterproofed" cloth.

"Cravenette" does mean that—and a great deal more.

It means waterproofed by the special patented process that only the Cravenette Company can use—a process which makes the cloth absolutely and permanently rainproof, yet leaves it light and porous.

Many yards of cloth and many finished garments are sold as "Cravenette" or "just as good," that are not "Cravenette" and not "just as good." Their inferiority shows up very plainly after a few wettings.

To protect you, the "Cravenette" Registered Trade Mark is stamped on the back of every yard of genuine "Cravenette" cloth, and is on the inside of the collar of every real "Cravenette" raincoat.

For Women's and Children's wear to be obtained from Spencer's Limited, Vancouver and Victoria.—For Men's wear from the Fit-Form Stores, Vancouver and Victoria.

Further particulars can be obtained from The Cravenette Co. Limited, 80 Well Street, Bradford, England.

### HAVE NARROW ESCAPE.

Hamilton, Ont., Feb. 11.—Mr. and Mrs. Cliff, 468 Ferguson avenue, were found in their bed in an insensible condition. Coal gas which had escaped from a leaky stove had filled the house. Both were revived, though they are still very weak.

### NEWSPAPER OWNER DEAD.

Oakland, Cal., Feb. 11.—William E. Dargie, proprietor of the Oakland Tribune, died at his home last night after a lingering illness. Mr. Dargie returned some time ago from a trip to Japan for the benefit of his health, and was apparently much improved. Soon after he returned there was a relapse, and for a week he had been in a semi-conscious state, rallying feebly at times.

### FLY OVER JUAREZ.

El Paso, Tex., Feb. 11.—How a fortified town looks from a bird's eye view is being told to-day by Charles K. Hamilton, the aviator. In his aeroplane Hamilton soared into Juarez from a height of 500 feet. Despite warnings that the federal soldiers had been instructed to shoot at any aeroplanes that crossed the border, both Hamilton and Garros flew into Mexico.

### WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, Feb. 11, 6 a. m.—A widespread area of low pressure is centered in the Kootenays, and unsettled weather is general over the North Pacific slope. Heavy rain has fallen on the Coast, and temperatures are somewhat lower. In the prairie provinces the pressure is low and the weather mostly fair and colder.

For 24 hours ending 5 p. m. Sunday.  
Victoria and vicinity—Winds chiefly westerly, partly cloudy, with occasional sheet or rain.  
Lower Mainland—Light to moderate winds, mostly cloudy, with occasional sheet or rain.

Reports at 5 a. m.  
Victoria—Barometer, 29.46; temperature, 35; minimum, 25; wind, calm; rain, .05; weather, cloudy.  
Vancouver—Barometer, 29.45; temperature, 35; minimum, 25; wind, 4 miles E.; rain, .18; weather, cloudy.  
Kamloops—Barometer, 29.36; temperature, 36; minimum, 24; wind, 4 miles E.; rain, .18; weather, cloudy.  
Kaslo—Barometer, 29.71; temperature, 41; minimum, 31; wind, 8 miles N. W.; rain, .58; weather, cloudy.  
Edmonton—Barometer, 29.54; temperature, 30; minimum, 20; wind, calm; weather, clear.  
Winnipeg—Barometer, 29.50; temperature, 12; minimum, 4; wind, calm; weather, cloudy.

Victoria Daily Weather.  
Observations taken 5 a. m., noon and 5 p. m., Friday.

Temperature.  
Highest . . . . . 48  
Lowest . . . . . 41  
Average . . . . . 44  
Bright sunshine . . . . . 44  
General state of weather, partly cloudy.

### MORGAN'S HOLIDAY.

Rome, Italy, Feb. 11.—For the first time in many years, J. Pierpont Morgan will not visit Rome this season. Instead, the American financier will go to Egypt. Morgan arrived in Naples yesterday and to-day is on the Mediterranean, bound for the African shore.

## "I HAD ONE OF MY RAGING HEADACHES

When I First Used "Fruit-a-tives"

WM. PITT

Shanly, Ont., Sept. 23, 1910.  
You certainly have the Greatest Discovered Headache Cure in the world. Before "Fruit-a-tives" came before the public, I suffered tortures from headaches, caused mostly from stomach disorders. I tried many different remedies without any relief.

One of your travellers called on me shortly after you started selling "Fruit-a-tives," and on that day I had one of my raging headaches, and had my head almost in a raw sore from external applications. I hated to see any person coming into the store (I am a general store keeper at the above address and have been in the same store 25 years) much less a commercial traveller, and I told him, very curtly, that I had a headache and "want none of his Patent medicine," but he very good-naturedly offered me a sample of "Fruit-a-tives," and insisted on my trying them. I did so, with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve my in my present good health. I was 65 years old yesterday.

You are at liberty to publish this letter and my photo, if you think it would induce some others to use your splendid remedy.

(Signed) WM. PITT.

After being in darkness for over a week the Victoria theatre will reopen on Tuesday with "The Man of the Hour," and on Thursday Professor Turner's orchestra will give its second concert of the season.

Work is progressing on the new entrance to the theatre from Douglas street and it is expected that in a week or ten days it will be ready for use, when the old entrance on View street will be closed.

The newly-organized Victoria Amateur Dramatic Club has begun well, and with a live committee should flourish. Past efforts have demonstrated that there are here a number of ladies and gentlemen who are possessed of considerable ability as amateur histrions, and the number must have been greatly increased by arrivals in the city within the past couple of years. With such a list of playing members as the club starts with, an honorary stage manager of large experience in the management of amateur productions in the old land and an enthusiastic committee the club will doubtless do well.

NUMBER 44.

Scene from the biggest railroad act of the year, opening Monday at the Grand with four people.

Scene from "The Man of the Hour," at the Victoria Theatre on Tuesday evening next.

astic committee the club will doubtless do well.

The first public appearance of the young organization will be in Easter week, when possibly two plays will be put on, making a two-night engagement. Not to discourage the members of the committee but rather to remind them of their share in the work we must recall a little story. Once on a time a certain dramatic club planned an entertainment and ten committee-men pledged themselves to dispose of twenty tickets each. So zealously did they work that as a result one ticket was sold by one of the committee to himself! But this was in a day when Victoria and Victorians were not as wide-awake as they are now.

The death is announced this morning of Henry Dixey, a once well-known actor who has been off the stage for many years. He sustained a stroke of paralysis ten years ago and died last night at his home in Ithaca, N. Y., at the age of 57.

The Man of the Hour

The Victoria theatre will offer to theatre-goers on Tuesday, February 14, the special production of "The Man of the Hour," from the pen of "George Broadhurst," which comes here. The same play ran for a year at the Savoy theatre, New York City. According to all reports received in cities in which the play has been presented the consensus of opinion appears to be that it is a play of exceptional strength, telling forcibly a powerful dramatic story.

While Mr. Broadhurst has taken for his central theme the political situation as it exists in nearly every great city in the republic, where there are machine politics and graft, he has also interwoven what is said to be a delightful

love story. The particular graft that Mr. Broadhurst has utilized is a scheme on the part of the machine boss and a shrewd financier to put a bill through the council of the city in which the action takes place, giving to a certain street railway a perpetual franchise. The passage of this bill will be a great pecuniary gain to both parties.

Election is near at hand and in casting about for a possible candidate for mayor, who can be handled, young Alwyn Bennett, a young man whose father has left him a large fortune, is elected as the most likely. The young man is in love with the niece of the financier, but she has told him that before she can promise to become his wife he must prove himself worthy and do something. The majority is his opportunity. He accepts the nomination and, after a strong fight, wins the election.

The franchise bill in the course of time passes the council and comes to the mayor for his signature. But Bennett, realizing that it is a steal, refuses to sign it. All kind of pressure is brought to bear, and for a time it would appear that his course will not only cost his sweetheart her entire fortune, but take her from him in the end. Strict honesty proves the best policy, and despite obstacles, which at the time seem almost insurmountable, Bennett wins his sweetheart, saves her fortune and his own honor.

The play will be presented with an exceptional cast, and a new complete scenic production.

#### New Grand Theatre.

With a bill of eleven performers coming to the Grand next week Manager Trumbull has been able to have included the famous act, Number 44, which is the sensation of the circuit so far this year and the greatest scenic railway feature that has up to date been staged in single-act vaudeville. With the rise of the curtain a burst of applause has always greeted the faithful scene of the mountain station shown on the full stage. The story of the operator, the criminal, the woman and the official, thrilling and all the time dramatic, has held its audience spellbound till they are awakened with the left hook to the jaw delivered by the woman to one of the other characters towards the end of the exciting story. Silvia Bidwell will, as featured with three other performers in the act, appearing as the woman of the mountains.

The Vod-Vil girl, Gertrude Dunlap, is to be assisted in her entertaining fun classic by Lew Virdin, the two appearing in a novelty, a full-stage, paw shop. All that can be done in a paw shop, and then some, is included in this evergreen laugh.

The children and even the old sober-sides will laugh heartily when Clown Alley is staged here Monday by the Porat trio, who are eccentric comedians, athletes and knockabouts. The act is meant for the youngsters, and as there are plenty in Victoria the act will be popular.

Edith Montrose is an impersonator, and is a confidential young person, doing her changes and make-up in front of the searching eye of the front-row bald heads. She is billed as "a bundle of art," so the front rows will doubtless be fully occupied and her characterization

As the famous Ouida says  
"after all, a happy life is a good digestion" ❖ ❖ ❖

Do you know the story of health and happiness that Abbey's Salt has brought to sufferers from Stomach Trouble?

You will learn this story with the first bottle of Abbey's Salt you take.

Follow directions and there will be no more Indigestion, Sour Stomach, Bilious Attacks or Headaches—but the happy life that comes with good digestion.

a bottle.

**Abbey's**  
Effervescent Salt

tions and singing are reported very good.

Robert Roland is a Hungarian artist with a natural bent for mimicry and is the producer of one of the most wonderful imitative acts in vaudeville. With his tongue he produces the tones of no less than thirty different musical instruments, and so clear and perfect are his notes that, unseen, an audience would believe he was operating on instruments. The Grandiscope will present new pictures.

#### Turner Orchestra.

One of the very best musical entertainments ever given in Victoria will be given at the Victoria theatre on Thursday, February 16, by the Turner orchestra, assisted by Max Steindel, the noted cellist, and by Raul Periera, the wonderful violinist.

Mr. Turner has selected a splendid programme for this occasion, one which will appeal to everybody and one which will be rendered in the most efficient manner by the forty pieces which compose the orchestra.

Those who attended the last concert given by this organization of local talent will remember how excellently the programme was rendered and what an enjoyable concert it was, and they can be sure that this, their second concert, will be even better than the last.

road show bill opening at the Grand on February 20. The five acts are all Orpheum circuit acts. Sullivan & Considine send across the continent ten road shows every year. This is the fourth for this year. Victoria has never had a road show before. It has been given single acts from the other road shows, but never a complete road show bill. Advance selling of box seats for this attraction commences Monday morning. Manager Trumbull will book mail requests in the order received.

John Considine returned to Seattle Thursday from the East, and one of his confidential agents went over from Victoria to meet him and discuss the properties the firm has been offered in Victoria for its new vaudeville house. It is probable that the announcement of purchase of a property will be made in a few days.

The Grand is taking on new clothing, and the garb gives proof of George Trumbull's good taste. The theatre is being decorated in cream, old ivory and gold, the ceiling is delicately tinted and the stage front is being done in cream and white and oiled enamel. Green silk tapestries and velvet pile carpets will adorn the boxes. Vaudeville here is booming.

## PRINCESS REACHES THE GOLDEN GATE

The Mary Arrived Yesterday Afternoon—Leaving for Victoria on Monday

Word was received this morning over the Times leased wire that the Princess Mary had arrived at San Francisco yesterday afternoon. It is expected that she will leave the Golden Gate city on Monday on the last stretch of her long journey from Paisley, Scotland, to Victoria, to enter on the service between this city, Comox and other ports on the east coast of this island. She will reach here about Thursday or Friday.

It was also announced that the Mary had a rough time, making the passage to the west coast of the British Isles. She was caught in some terrific gales, especially in the run between Callao and San Francisco, but rode through the storms without any great damage, and when she arrives here she will be given an over-hauling.

Capt. J. W. Troup, manager of the B. C. Coast service, who left here several days ago, was in San Francisco to meet the Mary on her arrival.

## APPRENTICE FOLLOWS IN OFFICERS' PATH

Libels Glory of the Seas for \$150 Due Him as Wages—Claims Amount to \$2,100

Unable to secure money due him as wages, an apprentice on the Glory of the Seas, has followed in the footsteps of his superior officers and libelled the ship for \$150. The amount against the renowned old sailor is gradually growing and now it is over the two thousand dollar mark. It is expected that within the next few days that a claim amounting to several thousand dollars will be entered with the libell, by the shipping men who placed the money at the disposal of the owners to pay off part of the crew.

The apprentice, who is a young lad, signed on the vessel when she was purchased by the local syndicate and made the trip on the Glory from Victoria to Unalakleet. On his return he failed to receive any wages but did not take any immediate action, awaiting developments. When the officers of the vessel, who had not been paid off, libelled the ship for their money the apprentice cast in his lot.

Against the Glory of the Seas at present are the following claims: First officer, second officer, boatswain and carpenter, \$1,443.30; steward and cook, \$500, and apprentice, \$150, making a total of \$2,093.30. Owing to the fact that Mr. Justice Martin, who presides over the Admiralty court, is out of the city, the case will not be heard for three weeks yet.

Although the Seas at present seems to be ending her career she was at one time known to be the fastest ship on this coast. Several years ago she was used in the coal carrying trade between Vancouver Island and San Francisco, and many smart passages have been chalked up to her credit. Probably the speediest and most noted trip of her seafaring days was made about three years ago when she made the run from the Golden Gate to Victoria in three days. After clearing Frisco the vessel met a southeasterly which carried her up the coast at a remarkable clip. There are few steamers at present on the coast which are able to come near that mark.

## NOOKA LIGHTHOUSE NEARING COMPLETION

Leebro Returns From West Coast Trip With Resident Engineer Killeen

Completing a rather eventful trip to the west coast, carrying supplies and stores to the lighthouses, the steamer Leebro, Capt. Hunter, under charter to the marine and fisheries department, returned to port last night. She brought to this city the life-boat from Banfield Creek to have some repairs made to the machinery. The work will be pushed with all speed so that the vessel may be taken back to her station as soon as possible.

Resident Engineer H. C. Killeen made the round trip on the Leebro for the purpose of inspecting the new lighthouse being constructed at Nootka, and surveying other points with the view of establishing lights. Mr. Killeen reports that the Nootka Sound lighthouse is practically completed and that the lantern will be fixed in position within a few days. This light will prove of great assistance to navigators in shaping their course after rounding Estevan Point northward.

He also conducted a survey of Point No-Point, which is situated about four miles from Sheringham Point, for the purpose of locating the best site for the erection of a lighthouse. Mr. Killeen is now drafting a report which will be forwarded to Ottawa.

The Leebro encountered very stormy weather on her trip and has been away from port for sixteen days. While making her way into Barkley Sound in a heavy snowstorm the steamer struck on Channel Rocks, stripping her wheel and injuring her rudder slightly. The vessel was beached at Banfield Creek, where the spare propeller which she carried was fitted and she resumed her trip without having to return here for repairs. Considerable rough weather was experienced off Pachen and Cape Beale. The sea was running so high that the Leebro was unable to land supplies at Pachen.

## ITAURI EXPECTED IN PORT TO-MORROW

Kosmos Steamship Has 300 Tons of Nitrate for Giant Powder Company

Bound from Hamburg for Puget Sound via the Straits of Magellan and way ports, the Kosmos liner Itauri is due to arrive at the outer dock early to-morrow morning. She is bringing over 300 tons of nitrate from Chilean ports consigned to the Giant Powder Company. The steamship left San Francisco on Wednesday last and may reach here late to-night if she had a favorable passage up the coast.

This is the first of the Kosmos vessels to call at Victoria for some time. Their schedule does not include this port, but when they are able to pick up sufficient cargo on the way around from Hamburg to warrant a call the vessels stop here. She will remain until Monday, when she will proceed to Seattle and Tacoma.

Next of the Oriental liners to dock here will be the Suvrek of the Bank Line. According to her schedule she is due to reach this port on Tuesday. She is bringing a large cargo, including about 6,000 tons, of which several hundred tons are for Victoria. She has very little silk, there being in all 150 bales, amounting to about a hundred thousand dollars. Purvey of the New York-Vancouver line, is also expected to arrive here on Tuesday. She is bringing a large launch for J. A. Sayward from Boston.

Prince Rupert—Overcast; wind S. W. strong; 29.70; 29; sea smooth.

Captain Charles Thompson, of the Vancouver tug Imp, believes that the derelict he sighted off Bowen Island on Sunday morning was the missing ketch Athens. The ketch was going to the Terminal City from Victoria in tow of the tug Shamrock, and in the south-east blow of Friday night she either broke adrift or sank at the end of the tow line.

## OVERDUE BARQUE AT LAST REACHES PORT

The Inverness-Shire Arrives at Santa Rosalia—Almora Now Posted as Missing

After a terrific voyage full of hardships for the crew, the British barque Inverness-shire, Capt. Hodge, is safe at Santa Rosalia, Mexico, much to the relief of shipping men, who entertained fears for her safety. The vessel was weeks overdue and had been posted for reinsurance, and the opinion was freely expressed that the craft had met with disaster. However, the Hastings Mill officials at Vancouver have received a telegram from Capt. Hodge announcing his arrival at the port on February 2, from Falkland Island. The vessel will probably lay at the Mexican port for forty-five days, so that she will not put in an appearance here for about three months. She is chartered to load lumber at Hastings Mill for the United Kingdom.

The last twelve months have been full of excitement for the Inverness-shire. On March 2, 1910, she set sail from Hamburg with general cargo for Santa Rosalia, which is in the Gulf of California. The next that was heard of her was when a brief report came from Falkland Island, that, lonely outpost of the Empire off Cape Horn, to the effect that the ship had been found close to the beach, with anchors down, boats gone and no one on board.

A tug took her into Port Stanley, and Capt. Hodge was dispatched from England with a fresh crew. They brought the Inverness-shire away from Port Stanley on September 23, last, on her way to Santa Rosalia, and while she was at sea she was chartered to load here for the United Kingdom. She should have made the trip to the Mexican port in eighty or ninety days, but when the end of December came and no word of the vessel was reported, shipping men began to get anxious. By the middle of January she was up for reinsurance. Capt. Hodge's cable comes as a relief. He states that he arrived on February 2, after a passage of 132 days.

Shipping men are indulging in considerable speculation concerning the safety of the British barque Almora, which sailed from Puget Sound for Sydney, N. S. W., on September 23 and has not yet been reported. The Almora, Capt. Abraham Wales Young, holds the slow passage record between the United Kingdom and Puget Sound, having required 228 days to complete the trip.

She has a record as an unusually slow vessel. Sailing from Shields, England, for Port Townsend on October 15, 1909, she was not heard from until passing in at Cape Flattery on June 3, 1910. She is a vessel of 1,769 tons register.

Under charter to Comyn, Mackell & Co., the Almora arrived on Puget Sound and began to load lumber at Tacoma on August 18. She completed other Sound ports and cleared September 28, passing out at Cape Flattery the following day. Under ordinary circumstances the Almora should have been reported at Sydney before December 10, but she has not yet been heard from.

The British ship Dunsmuir, which left Newcastle, Australia, with a cargo of coal for Valparaiso and was due at the Chilean port last September, has been posted as missing at Lloyds. The vessel, which was of 1,662 tons gross register, was built at Port Glasgow in 1894, and she was owned by Messrs. P. Jacobsen & Co.

## MARINE NOTES

The Aleutian Islands along the Alaskan coast will be included in the coast wireless system which the United States navy department is establishing. Within the next few days the steamer Tees, which is on the B. C. Marine ways, will be ready for launching following the replacing of the plates pierced by the rocks when she grounded on Gowland Island, Barkley Sound, after having been on the ways at Seattle for several weeks. The little steamer Dora, of the Alaska Steamship Company, has left for the north to resume her run between Valdez and Dutch Harbor. The Dora visits the Sound once a year for her overhauling and has one of the worst runs there are on the coast.

The wireless operator at a station in San Francisco held conversation for an hour on Monday night, with the operator at Choshi Philmosa, on the coast of Japan, 5,700 miles away. The messages were passed across the Pacific with only one relay. It is said that this performance establishes a new record for wireless work.

## SHIPPING INTELLIGENCE

Feb. 10.  
Seattle—Arrived: Steamer Governor from San Francisco; steamer Arizona, from Santa Cruz; Armeria, from Ketchikan. Sailed: Steamer Eureka, for San Francisco; Umatilla for San Francisco.  
Tacoma—Arrived: Steamer Tellico, from San Francisco; Japanese steamer Mexico Maru, from Orient. Sailed: Steamer Nelson, from Everett; steamer Princess Mary, from Greenock. Sailed: Steamer Hercules and Falcon, for Portland.  
London—Sailed: Steamer Dedarrah, for Tacoma.  
Yokohama—Arrived: Steamer Lucerne, from New York, for Puget Sound.  
New Liverpool—Arrived: Campana, from Liverpool.

## BOARD APPEALS TO LEGISLATURE

### SOLICITOR'S ADVICE TO CITY COUNCIL

Says Actions to Invalidate Late  
Elections Might Result  
Ruinous

The city council last evening, acting on the advice of the city solicitor, decided to approach the provincial government and beg that legislation be enacted to validate the elections held at the beginning of the year for the selection of the mayor and members of the aldermanic board. The solicitor's letter read as follows:

"Gentlemen:—I understand that not only has the election of His Worship the Mayor been attacked in the courts, on the ground that the voters' list had a large number of unauthorized names upon the same, but also the election of every alderman has been protested upon the same ground. So long as the election of His Worship the Mayor only was involved, I considered that it was no part of my duty, as solicitor for the corporation, to interfere in connection with the matter, and, consequently, His Worship engaged private solicitors to handle the case, but, now that it becomes a question of the whole council,

I feel it my duty to explain to the council as well as I can the utter confusion in which the city will be thrown should the point be held by the judge to be well taken.

"His Lordship, the judge, who will try these petitions will of course be in no wise swayed from his duty of interpreting the law as it exists in his opinion by reason of any hardship which it would work to any person or body corporate. It is his duty to explain the law as he understands it, and his will, of course, discharge that duty without bias, but the consequence of a judgment in favor of the petitioners would be so serious as to seem to me to call for special legislation in the matter.

"In the first place, the point that is taken is fundamental; if the petitioners succeed they succeed because the voters' list was bad. If it was bad it is still bad, and could not legally be used in a new election, nor could the members of this present council sit to do anything in the shape of getting another list ready.

"Section 58 of the Municipal Elections Act could not be construed so as to allow last year's council to sit as an overhanging council. The clerk of the municipality would have no authority to make up any voters' list, because the necessary machinery of the Court of Revision would be absent, and any voters' list made by him would be as illegal as the judge would have found this one to be. There would be no machinery at all for holding a new election; no returning officer could be appointed; no date fixed for nominations, because there would be nobody to appoint them. There is no authority in the Act for the Lieutenant-Governor in Council, the legislature or any person else to call an election, and certainly no authority rests in any of the city officials so to do, and the whole machinery of the government of this city would be absolutely at a standstill. No

local improvement works, no money to pay supplies, no estimates, no taxes, nor any other function of the city government could be proceeded with.

"As to the possibility of an adverse judgment it would not be becoming for me now to give any opinion. It probably will have to be admitted that there are some persons upon the list who are not registered owners of property, and if the Kaslo decision is followed, that would seem to be improper, and as to whether or not it makes the voters' list illegal depends upon the finality of the Court of Revision, and the sections governing that are by no means as explicit as they might be.

"So that, in conclusion, I have to recommend that, in view of the uncertainties always connected with lawsuits, and in view of the serious position in which an adverse decision would throw the city, it would, I think, be the part of wisdom on the part of the council to approach the government asking that this serious condition of affairs might by no possibility be allowed to be created."

The Mayor, outlining his own position in the matter, reminded the board that two attacks had been made upon him. One was "a personal proposition" which he had intended defending as A. J. Morley in his capacity as a private citizen, but he was informed that this action had been dropped. B. J. Perry's action was, however, a different matter: it was based on the alleged illegality of the voters' list and was not against A. J. Morley personally, but against the mayor of the city, therefore he had asked W. J. Taylor, K. C., city barrister, to act on behalf of the city.

Ald. Langley could not agree with His Worship's view of the case. A candidate was called upon to defend himself at his own cost, no matter what the grounds of the petition.

The Mayor thought the aldermen were in an entirely different position.

Ald. Langley was, however, heartily in accord with the idea of approaching the government in the manner suggested by the solicitor. He moved that the recommendation made by that official be adopted.

Ald. Morley, while approving of the proposal to approach the government, agreed with Ald. Langley that members of the board who were attacked by lawsuits had no right to spend the city's money in defending themselves.

Ald. Langley's motion carried without further debate.

The inhabitants of the Andaman Islands are said to be the smallest race of people in the world. The average height of a full grown Andaman is less than four feet, and the anthropological experts who recently visited them found but few that weighed over 75 pounds.

Handy Bracket Lamps—Large glass font, large burner, wick and chimney, in reflector. Will hang on nail or can be carried; sold at R. A. Brown & Co., 1302 Douglas street.

The red cloth worn by the Cardinals of the Roman Catholic church has for several centuries been made by a German firm at Aix-la-Chapelle. The manufacture of this material is said to be carried out in a peculiar and secret way, known only to the firm.

## INSURGENTS GAIN ANOTHER VICTORY

United States Cavalryman, on  
Patriot Duty, Killed by  
Flying Shell

Marfa, Texas, Feb. 11. — Messages here yesterday from Mulato, Mexico, say that General Luque was again defeated by the rebels, with whom he has been fighting a guerrilla warfare for a week.

The federals assailed the rebel trenches at Mulato and were repulsed after five hours' fighting.

Troop H of the Third United States cavalry, which was on patrol duty across the Rio Grande, were several times exposed to the federal shells, and one man was killed while standing near Captain Williams of the cavalry.

After the fight it was declared by witnesses that the Mexican federals, furious at their defeat, deliberately turned their guns on groups of women and children who had fled to the American side of the river.

On the last charge of the federals, F. S. McCombs, an American, was at the head of the rebels who numbered about 200, and 350 troops of Luque's command were easily driven back.

Only one insurgent was killed, but eight federals fell and others were carried off the field.

And Will Continue Daily Until the Entire Stock Is Sold

# WENGER, THE JEWELER

1209 GOVERNMENT STREET

VICTORIA, B. C.

## Among the Churches

### CHURCH OF ENGLAND.

**Diocesan Gazette.**—At the beginning of January the first number of the new Diocesan Gazette, under the editorship of Archdeacon Scriven, was published and the new paper has met with the approval of a large number of the church members of the various parishes within the Diocese. The first number is an indication of what the magazine will be. It is a bright, well-edited paper, of 32 pages, magazine size, and contains some interesting and instructive articles by Bishop Porritt, Dean Doull, Rev. E. G. Miller and others. Besides there are many new notes from parishes that tell of the work being done in the churches. It is hoped to make the magazine a power for good within the Diocese. The editor set forth the aims of the paper in the following notes:

"Some of the older Church members of Victoria, whose memories can carry them back for a quarter of a century, will remember the old Diocesan Magazine, which under the editorship of the Rev. G. W. Taylor, flourished for a few years between 1889 and 1890. "Perhaps the Diocese was not then big enough to support the venture. At all events the magazine finally ceased publication after having, it was rumored, inflicted severe financial loss upon its plucky editor. It must not be supposed that no efforts have been made all these years to supply the need of a church paper. Several parish magazines have, from time to time, been started, and latterly the Northern Diocesan has made a gallant attempt to maintain a monthly periodical. 'The Messenger,' which, however, like most of its predecessors, met with insufficient support.

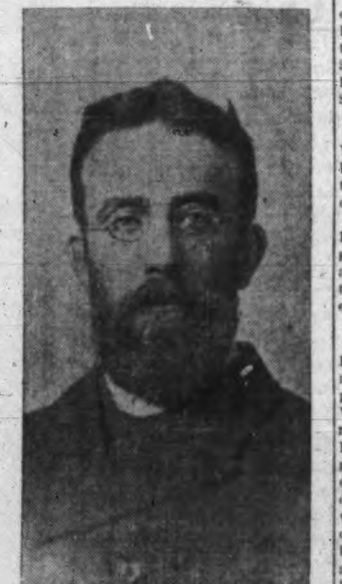

"There are many who believe that the time is now ripe for a revival of the Diocesan Magazine on a larger scale. The Diocese has grown and is still growing, and there ought to be no longer any question of the success of the undertaking, so far at least as that success depends upon the number of subscribers.

"The editors, for their part, will endeavor to produce a paper that shall be a welcome visitor to all church homes, and they appeal to the Clergy and their parishioners to back them up by subscribing themselves and by getting others to subscribe.

"The ambition of the Diocesan Gazette is to find its way into every church family in the Diocese, and to be allowed to tell its monthly story of the work which the church is doing both here and in other parts of the world.

"This opening number, which will be sent free to all church members whose names are furnished to us by the parish clergy, is to be regarded as a kind of sample copy; if you like it, please give in your name and annual subscription to your rector. The Gazette will be published monthly and the cost will be 50 cents per annum."

**St. Saviour's (Victoria West).**—Rev. S. Connell—The new rector of St. Saviour's church arrived in the city last evening by the "Governor" from California, and in a few days will take up his residence on Dunsmuir Road, where a house has been secured for him. To-morrow morning the induction service will take place when the Bishop of Columbia will institute Mr. Connell in his office. The people of Victoria West are greatly pleased that Mr. Connell is once more to be with them. During the Rev. Canon Cooper's visit to Europe some three years ago Mr. Connell was acting rector and his services were very much

REV. ROBERT CONNELL.

Who will to-morrow be instituted by the Bishop of Columbia as rector of St. Saviour's Church, Victoria West.

appreciated. He is also well known through the district surrounding Victoria as for seven years he was vicar of Cedar Hill and Lake. Mr. Connell is a man of intellectual and spiritual power. While here before he gave a thoughtful series of lectures on English Church History which showed an intimate acquaintance with the work of the great Anglican divines of the 17th century. He is an enthusiast along the line of missionary effort and was the originator and first secretary of the Men's Missionary Association, an organization which preceded and prepared the way for the Laymen's Missionary Movement. Mr. Connell was educated in England and was ordained deacon in 1895, and priest in 1896 by the Bishop of Calgary. He was missionary in charge of Beaver Lake, N. W. T., from 1895 to 1897; incumbent of Innisfail from 1897 to 1901; Vicar of Cedar Hill and Lake, from 1901 to 1908, since which date he has been in charge of Gilroy and Hollister under the Bishop of California. There have been many expressions of regret that he is leaving the diocese of California and an article was recently published in the Gilroy

newspaper expressing general regret at his departure from that city. He was instrumental in organizing the first patrol of Boy Scouts in the state of California, and has always taken a deep interest in the welfare of the boys within the parish over which he may have oversight. We are pleased to be able to present to our readers a portrait of Mr. Connell and extend to him a hearty welcome back to Victoria.

### REFORMED EPISCOPAL Church of Our Lord.

**Year Book.**—The Year Book of the Church of Our Lord was published during the month of January and is a very useful publication—a mine of information regarding the church and its work. The motto for the year 1911 is placed in a conspicuous position on the first page and is "Fight the good fight of Faith; lay hold on eternal life." There is a photograph of A. T. Frampton the superintendent of the Sunday school and also an excellent group photo of the 4th Troop, Victoria Boy Scouts in uniform. This troop is connected with the church and has occasionally attended the church service in a body. The Year Book will certainly be a useful place and is a record worthy of being kept.

**Church Services.**—The rector, Rev. T. W. Gladstone, will preach to-morrow both morning and evening. Morning subject, "An Answer to the Assertion that Christianity is a Failure." Evening subject, "A Common Complaint."

**S. P. C. A. Lecture.**—On Wednesday evening next the Rev. E. G. Miller will give an illustrated lecture in the schoolroom under the auspices of the Society for the Prevention of Cruelty to Animals. The lecture will be illustrated by a number of interesting lantern slides and will be particularly for the young people.

### CONGREGATIONAL First Church.

**Y. P. S. C.**—On Monday evening next the Young People's Society will give a Valentine social, and a very pleasant evening is assured to all who attend. Men's Own.—On Tuesday next the regular meeting of the Men's Own will be held, when there will be a rehearsal of the mock trial soon to be given.

**Girl Guides.**—The Girl Guides will give their first concert on Wednesday evening next. The girls have been trained for this event by Mrs. Castleton, who has been acting as guide mistress during the absence of Mrs. H. M. Hillis, and Miss Roberts and Miss Braik. Mr. Stuckey has assisted in training for the drills and the event is being looked forward to with considerable interest, not only by the girls themselves, but by the whole congregation. The programme is as follows:

Piano Solo.....Gladstone  
Drill.....Gladstone  
Recitation.....Hilda Longland  
Violin Solo.....Miss Roberts  
Semaphore Drill.....Miss Roberts  
Address, Edgar Fawcett and presentation of Union Jack won by the Girl Guides.

Piano Solo.....Hester Smith  
Tableau: Faith, Hope and Charity  
Piano Solo.....Ella Paul  
Vocal Serenade.....Ella Paul  
Tableau—"Marguerite"  
Piano Solo.....Sylvia Musgrave  
Fancy Marching.....Sylvia Musgrave  
God Save the King.

### PRESBYTERIAN First Church.

**Interesting Lecture.**—Next Tuesday evening the Rev. E. G. Miller, of St. Barnabas' church, will deliver an illustrated lecture for the children of the Sunday school on Animal Life. The lecture is under the auspices of the S. P. C. A.

**Teachers Meetings.**—The teachers of the Sunday school meet each Wednesday evening at the different homes for the study to the lesson for the following Sunday and report some very interesting meetings.

**Young People's Guild.**—The Young People's Guild, which was recently organized, is meeting with good success and the meetings are being well attended. The Guild meets each Monday evening.

### St. Andrew's.

**The Booth Meetings.**—The Rev. Herbert Booth will arrive in the city next Saturday evening for his campaign in St. Andrew's church. On Wednesday, Thursday and Friday of next week preparatory meetings will be held when special attention will be given to the training and instruction of workers for the mission. On Saturday next at 8 p. m. a welcome meeting will be held in the church, when addresses of welcome to Mr. Booth will be given by members of the church and by the Rev. Wm. Stevenson, on behalf of the Ministerial Association of the city. Considerable interest is being aroused in the mission of Mr. Booth not only in the church itself but among all denominations. Rev. Herbert Booth is the youngest son of the famous Wm. Booth, head of the Salvation Army, but unlike the sons of some famous men, he has not to depend on the echoes of his father's greatness, for he himself has power and a strong personality.

Judging from the press of Edmonton, Calgary, Vancouver and other places, Mr. Booth has indeed been well received, and has met with great success in his mission—that of bringing men to appreciate Christ.

Mr. Booth has been spoken of as a strong, powerful, convincing speaker who does not stammer or hypnotize his hearers into discussions, but rather leads them by sound, logical reasoning, into the Christian life.

### METHODIST Metropolitan.

**Revival Services.**—The revival meetings held during the past week have been well attended and have attracted considerable attention not only from members of the congregation, but also from outsiders. The evenings of the week, when there has been an outdoor meeting, the number of people from the street who have followed to the church has been most marked, and each evening a number have expressed

their determination to lead a Christian life. The interest has been well sustained, and the crowds have increased numbers each evening. This evening there will be a joint meeting with the Salvation Army. At 5.30 p. m. members of Metropolitan church and other workers will meet at the barracks on Broad street, and headed by the Army band will march to the corner of Yates and Government streets, where an open air service will be held. At 10 p. m. the procession will be reformed and proceed to the Army barracks, where an evangelistic service will be held. It is expected that there will be a large attendance.

**Anniversary Services.**—The fifty-second anniversary of the organization of the congregation will be held to-morrow. In the morning there will be a fellowship meeting at 10 o'clock, and at 11 o'clock Dr. Rees, who has been an acceptably preaching during the week, will preach the anniversary sermon. The choir will render a special programme of music, and the service will be of great interest. At 2.45 p. m. there will be a mass meeting of the Metropolitan and Belmont avenue Sunday schools, when Dr. Rees will give an address to the scholars. At 7 p. m. Edward Parsons will give an organ recital, and at 7.30 p. m. Dr. Rees will preach on the subject, "Weighed and Wanting." This will be the final meeting conducted by Dr. Rees in the present campaign, as he leaves for his home at Everett on Monday. The choir will again give a special programme of music.

### Centennial.

**Evangelistic Meetings.**—The evangelistic meetings held each evening this week have been well attended, and the interest has been sustained to the end. During the week the pastor, Rev. A. Henderson has been assisted by local ministers and a choir of the young people of the church. Last evening Miss Elliott, deaconess of the Metropolitan church, sang a solo. The meetings will be continued during the coming week. On Monday evening next Rev. J. A. Wood, of Victoria West, will preach. There will be special services to-morrow, the preacher being Rev. A. Henderson. The evening service will be of a specially interesting nature.

### James Bay.

**League Meeting.**—Last Monday evening the members of the Metropolitan League paid a friendly visit to the James Bay Epworth League and contributed the programme. Addresses were given by R. T. Pendray and R. W. Riley, and E. Wright presided. There was a good attendance.

**Birthday Social.**—The Ladies' Aid Society held a birthday social last Wednesday evening, and were well supported by the congregation. An interesting programme was rendered, and a social time enjoyed by all. The financial results were very encouraging.

**Sunday Services.**—To-morrow will be Decision Day in the Sunday school. In the morning at 11 o'clock the pastor, Rev. A. N. Miller, will give an address to the members of the school with special reference to the matter of decision for Christ. At the afternoon session Mr. Miller will again give a brief address previous to the regular teaching of the lesson. The teachers will have in view the result of getting each scholar to decide for Christ, and it is expected that the result will be helpful to the school and the church.

**Evening Service.**—Rev. H. Parry, preacher of the Friends church, will preach in the James Bay Methodist church to-morrow evening.

### Victoria West.

**Board Meeting.**—There was an important meeting of the official board of the church last Tuesday evening when many matters of importance were discussed. The question of enlargement of the church building was brought up, and it was felt that some steps must soon be taken to accommodate the increasing numbers in the school and church. The board decided to raise the minister's salary, commencing next conference year, giving an increase of \$200. A hearty invitation was extended to Rev. Mr. Wood to return as the pastor for another year.

**Bible Class Banquet.**—The annual banquet of the Adult Bible Class was held last Wednesday evening with a large attendance and a splendid success. The reports of the year's work were most encouraging.

**Cantata.**—Next Wednesday evening the choir will render the cantata, "The Prince of Peace." They have been diligently practicing this work for some time, and are looking for the support of the congregation in their effort.

### BAPTIST First Church.

**To-morrow's Services.**—The quarterly offering for foreign missions will be received in First church to-morrow. An appropriate sermon will be preached in the morning by the pastor. At the evening service the topic will be, "For What Do Baptists Stand," and the pastor will administer the ordinance of believer's baptism on several candidates.

**Installation Service.**—Last Sunday afternoon an open session of the Sunday school was held. The exercises were of an interesting character. Rev. W. Williamson, B. S. Sunday school secretary, acted as installation officer and duly installed the newly appointed superintendent and teachers, afterwards delivering a short but inspiring address to the workers.

**New Bible Class.**—To-morrow afternoon a new Bible class for men and women will be instituted in the school with A. McNeill as teacher. This will be known as the "drop-in" Bible class, and all men and women of the church and congregation are heartily invited to become members.

**Philathea.**—The young women of the Philathea class are redoubting their efforts to make strangers forget that they are far away from home, without friends and perhaps lonely. The members will cordially welcome young women who would care to meet with them in their classroom each Sunday afternoon at 2.30 o'clock. Mrs. W. H. Spoford leads the meetings, which are of an uplifting, progressive character.

**Baracas.**—The monthly business meeting of the Baracas class was held on Wednesday evening at 7.30 o'clock. At 8.30 they joined with the Philathea class and friends and enjoyed an address given by E. Howard Chapman on "The Canadian Rockies." The lecture was beautifully illustrated by stereopticon, with a large number of hand-colored views.

**Lecture.**—On Monday evening the

Young Peoples Society with their friends will listen to an address entitled "Creation, from an evolutionary standpoint." Dr. Ernest Hall will be the speaker. This should prove both instructive and interesting, and the general public will be cordially welcomed.

**S. S. Teachers' Meeting.**—Last Tuesday evening the teachers and officers of the Sunday school were guests of the newly appointed superintendent, Dr. William Russell, at supper at his home. Following this a business meeting was held and plans and suggestions for the better working of the school were under discussion. As a result a number of improved methods will be inaugurated, a reclassification of the scholars undertaken, and a census of the church membership with a view to a persistent canvas for new scholars.

**Emmanuel.**—Sunday Services.—Rev. W. Stevenson will preach in the morning on "False Faith and Sham Divinity." Rev. I. W. Williamson, superintendent of Sunday School Association work for B. C. will speak. Strangers and visitors will be welcomed at the close of the evening service by the pastor.

**Young People's Union.**—There was a large attendance last Monday to hear the pastor's address, "People You Have Met and Wish You Hadn't." Next Monday there will be a lantern lecture on North Wales by M. S. Court. On Monday, 20th, a social will be held. Young people not in touch with any church are made very welcome. Young men and women from the Old Country will here find friends.

REV. W. H. REES, D. D., Who Will Preach at Anniversary Services at Metropolitan Church To-morrow.

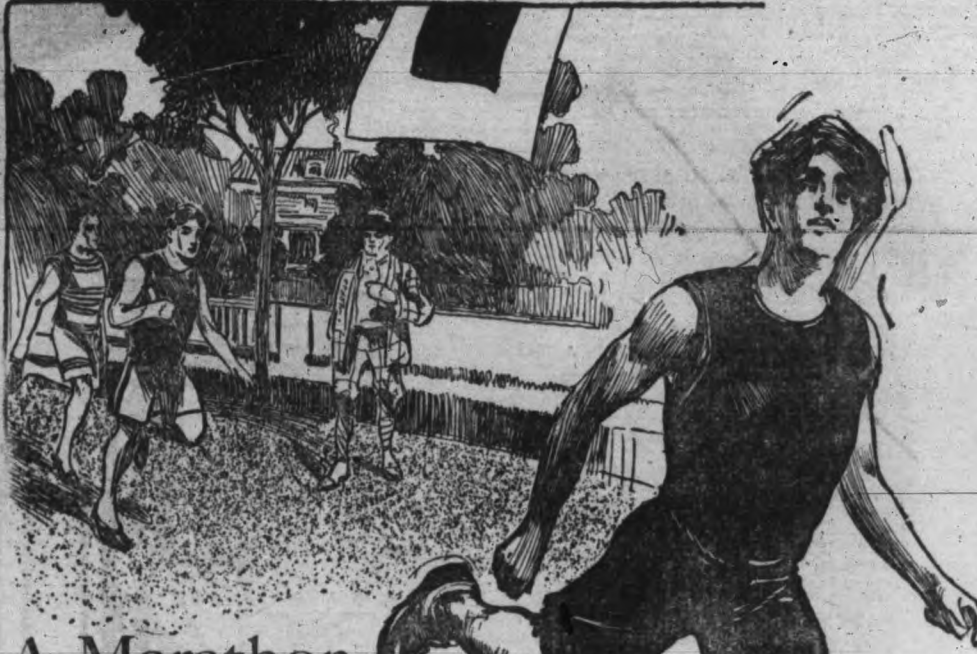

The Rev. W. H. Rees, D. D., who will preach the anniversary sermons in the Metropolitan Church to-morrow, is at present pastor of the First Methodist Church, Seattle, where for many years he did very successful work. During his pastorate the old church was pulled down in the course of the city's regrade system and a handsome new edifice was erected. The new building is of the most commodious and convenient churches of the Pacific Coast. Dr. Rees was in Victoria in 1908 and preached the Jubilee sermons in connection with the Metropolitan Church. He has been attracting a large crowd nightly during the past week at the special evangelistic services now being held and by his vigor of speech and clearness of thought has held the attention of the audience throughout. Dr. Rees will be heard to advantage to-morrow.

### GOOD HEALTH FOR RUN DOWN MEN

If You Are Weak and Easily Tired Try Dr. Williams' Pink Pills.

Anemia is a state into which one falls because of lack of blood, or because the blood is poor, weak and watery. The man or woman who has not enough blood is pale, languid, easily tired and easily depressed. As the trouble progresses other symptoms show themselves, and the life of the sufferer is one of misery. Anemia opens the door to consumption, and gives victims to all the epidemic maladies, because the whole body is weakened and unable to resist the inroads of disease. Dr. Williams' Pink Pills are the best remedy in the world for the cure of anemia, and all its attendant miseries. They make the blood rich, red and pure, thus bringing health and strength to weak, despondent men and women. We do not know of a single case of anemia where Dr. Williams' Pink Pills have failed to cure if given a fair trial. Mr. John Hastings, Venn, Sask., was a victim of this trouble and found new health through Dr. Williams' Pink Pills. He says "I was working on a railway driving a team and found myself gradually running down. I did not pay much attention to it at first, but soon I began to lose my appetite and it was a trial to get through my day's work. I got medicine from the doctor on the works, but it did not help me, and finally I got so bad I told the foreman I would have to quit. He told me not to lose hope, that he would get some medicine that would soon make me all right. That night he went to town and brought me three boxes of Dr. Williams' Pink Pills. I had not taken more than two boxes when I began to feel better, and after I had used five boxes I was as well and strong as ever, and could do a day's work with any man on the job. I may just add that before I began taking the pills I was so run down that I weighed 122 pounds, and while taking them I gained 22 pounds. I cannot say too much in favor of Dr. Williams' Pink Pills and strongly recommend them to all run down men."

You can get these pills through any medicine dealer or by mail at 50c a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

**A Marathon Race, with its grinding, wearing strain, demands the tick-to-it spirit, which is the highest type of courage.**

To have muscles, brain, heart, nerves, all in tune or his supreme effort, the Marathon Racer and every strenuous athlete must have the right food and drink, for on these depend his strength and nerve power.

## Ghirardelli's GROUND CHOCOLATE

makes the ideal beverage for the sturdy athlete just as it does for the growing child, for it is the beverage that gives vigor and vim. It is all nutritious; our process brings out all the wonderful nutriment in the cocoa bean, a greater percentage than any other food contains. Ghirardelli's Ground Chocolate is so delicious that it is the most popular of all table beverages. Try it. Today.

D. Ghirardelli Co.

### DIRECT ELECTION OF U. S. SENATORS

Senator Root Opposes Proposal—State Legislatures Must Be Strengthened

Washington, D. C., Feb. 11.—Senator Root of New York, yesterday in the Senate declared his opposition to the direct election of United States senators.

"I am opposed to the direct election of senators by the people and not by the legislatures, or to the abandoning by the government of its supervision over such elections," he said. "It is unwise that the people should acquire the habit of amending the constitution. Its stability is the most essential requirement of our government. "The people desire relief from senatorial deal-locks," Root continued. "These conditions are due to the states and not to the constitution. Corrupt legislatures are infrequent. Legislatures can make as good, if not better, choices than can the electors at large. "The most vital thing to be done in this country to-day is to strengthen the legislatures of the states. If we continue to believe that state governments are incompetent, the federal government will be driven to the exercise of more arbitrary powers until the people reject the idea. Thus a centralized government at Washington, ultimately breaking the republic," will come."

### HOURS OF MAIL CLERKS.

Washington, D. C., Feb. 11.—It was reported yesterday that the post office department has ordered a reduction in the working hours of railway mail clerks, requiring them to work a maximum of six and a half hours a day, the minimum being five and three-quarters hours.

E. B. Canfield, president of the mail clerks' organization, issued a statement, which the post office department officials endorsed, declaring that the clerks' executive committee was conferring with the department officials regarding the requested reduction and that a satisfactory agreement was expected.

### SEEKS TO ANNUL MARRIAGE.

New York, Feb. 11.—Following unsuccessful efforts to prevent the union, Mrs. George Gamons, of Portland, Ore., has retained Attorney Gilbert Montague to bring suit to annul the marriage of her son, Nelson, to Miss Gluffe, former wife of Mayor Gaynor's son, Rufus Gaynor. Mrs. Gamons insisted that her son is only 19 years old, although he gave his age as 22. The mother says she will not give her son a cent until he consents to an annulment.

# Fry's - THE Cocoa

Oh! But Us DOES Want  
Our "FRY'S" Cocoa

A TINY SPOON-ful makes a big cupful of the fragrant, nourishing palate-pleasing beverage that is the best thing anyone can drink. A tin of Fry's costs very little, considering how far it goes, even though you use it daily for the whole household. Only the purest and richest of Cocos—FRY'S—is as fully economical as this. The ultra purity of Fry's not only makes it economical, but renders it the richest in body-building values of all the foods on your table.

NO wonder the children scamper downstairs to breakfast, when the tempting fragrance of Fry's Cocoa penetrates their bedrooms. They simply revel in its delicious flavour. Every bit of the natural goodness of the Cocoa bean is retained in Fry's—the Cocoa. Mothers who give their children Fry's Cocoa for breakfast regularly, have the satisfaction of seeing them develop into fine, robust men and women, because Fry's Cocoa has great food value. Being rich in proteids it makes m pink flesh, good rich blood and strong nerves.

That nerve-building quality of Fry's Cocoa, by the way, makes it the food-beverage supreme for hard-working grown-ups.

Above all other things Fry's, the Cocoa, is pure. Quality, purity and Fry's have been synonymous in the Cocoa world for over 180 years. Doctors everywhere recommend Cocoa, especially in the nursery and sick room, and the best way to know the positive tissue-building qualities of the finest Cocoa in the world is to buy a tin of Fry's. Do that to-day, and you will surely learn what a comforting and sustaining beverage you can serve the family during these raw, wet days.

DR. JOSEPH FRY founded the House of Fry at Bristol, England, early in the eighteenth century. To-day the works, the largest cocoa manufactory in the world, employ nearly 5,000 people. Messrs. Fry hold Royal Warrants as Manufacturers of Cocoa and Chocolate to the Royal Houses of England, of Spain, and of the Hellenes, and they have received more than 300 Grands Prix, Gold Medals and Diplomas attesting the high merit and purity of their wares. The highest medical authorities in England say "there is no flaw in its claim to be absolutely pure."

ASK FOR FRY'S BREAKFAST COCOA

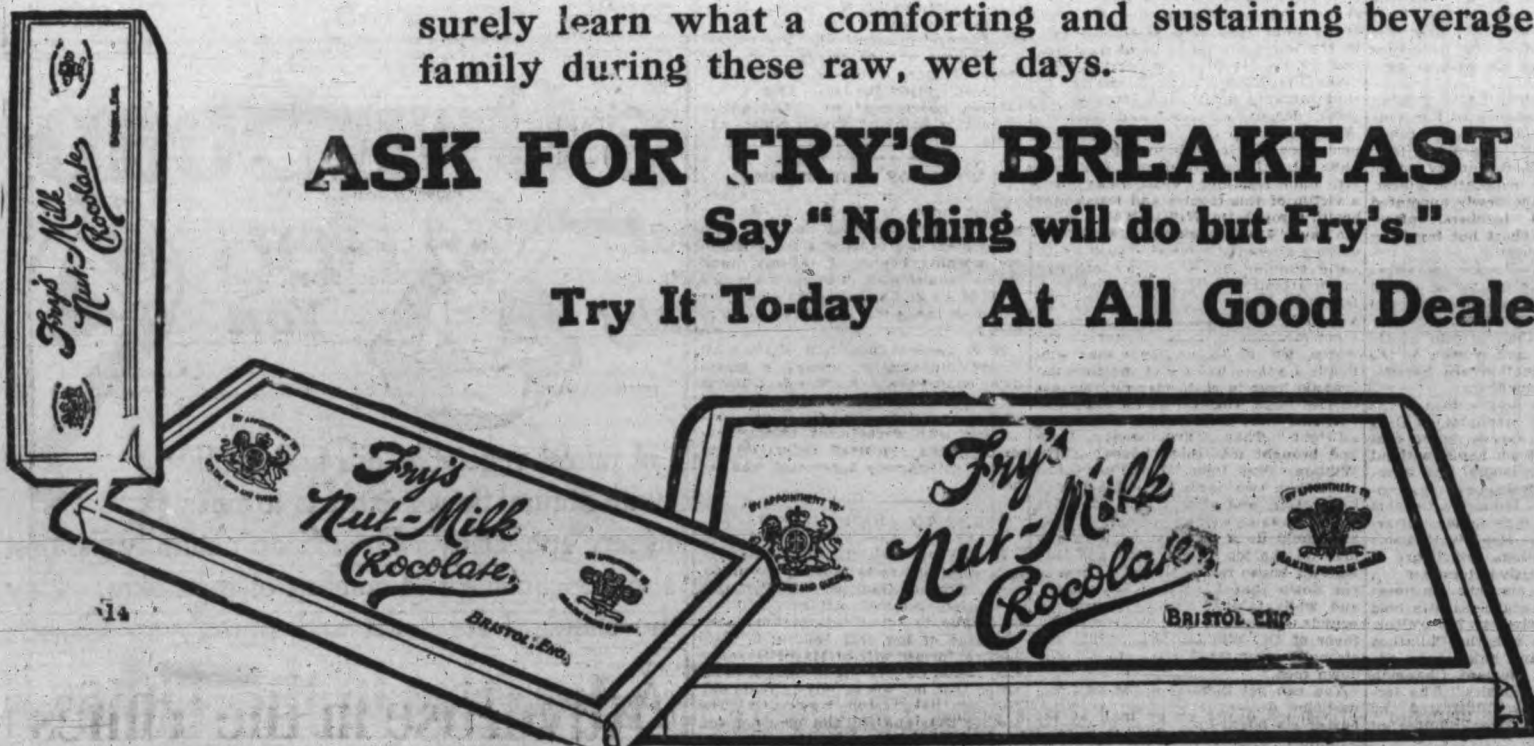

Say "Nothing will do but Fry's."

Try It To-day At All Good Dealers.

FRY'S NUT MILK CHOCOLATE

FRY'S Nut Milk Chocolate is a delicious and wholesome sweetmeat. Like Fry's Cocoa, it is absolutely pure and its flavour is really exquisite. This combination of luscious chocolate and nuts is a revelation to the palate, and folks who have tried this delightful confection once always make a very emphatic demand for Fry's when they want Nut Milk Chocolate. Treat yourself to a cake to-day.

The Evening  
Chit-Chat

BY RUTH CAMERON

to the opposite extreme by being fairly  
fussome in their acquiescence.

I wonder if you know just the kind of  
people I mean?

Let me elucidate by telling you some  
of their ways.

These folks are so prone to agree  
with you and so sure they know just  
what you are going to say that if you  
pause a instant in your speech, they  
supply the word for you. Quite fre-  
quently it isn't the right word, but po-  
liteness forbids, of course, that you  
should tell them that.

They always gaze intently at you  
while you are talking, presumably in  
order to demonstrate their interest  
more thoroughly. As a natural result  
of this painfully direct gaze your eyes  
begin to feel as if you were trying to  
look into the sun, you feel yourself be-  
coming embarrassed and start looking  
at the floor, the ceiling, out the window  
or anywhere to avoid meeting their  
gaze.

They almost always nod their heads  
frequently in approval of what you are  
saying. You ought to be grateful, but  
as a matter of fact it irritates you and  
makes you think of those funny little  
figures that nod their heads frantically at  
the slightest jar.

If you start to quote anything to  
these folks they promptly join in the  
quotation, or if they can't quite do  
that, at least chime in on the last word  
of every line, like a child whose mother  
is trying to teach it its first nursery  
rhyme.

Occasionally they become so enthusi-  
astic in their acquiescence that they  
interrupt what you have barely begun  
to say by "Yes, I know," and when you  
have yielded the floor to them, you  
frequently find that they know some-  
thing quite different from what you in-  
tended to say.

Now, do you recognize them?

Talking to such people makes me  
think of a gymnastic exercise we used  
to take in which we were instructed to  
clinch our fists and draw our arms  
back against the air as if we were  
really pulling something.

That exercise tired me much more  
than actually lifting heavy weights.  
And it seems to me that's the way with  
talking to these fussomely acquiescent  
folks.

It's fighting air, wrestling with a  
ghost, stepping up when there is no  
step to take.

Of course, they just do that way be-

## ANTI-TUBERCULOSIS

## SOCIETY OFFICERS

Good Work Being Done at  
Tranquille—This Prov-  
ince's Opportunity.

That the sanitarium at Tranquille  
shall be named the King Edward san-  
itarium, in recognition of the late  
sovereign's interest in the fight against  
tuberculosis, was decided upon last  
evening at the annual meeting of the  
board of directors of the British Colum-  
bia Anti-Tuberculosis Society, held in  
the city hall.

Dr. C. H. Vrooman, medical superin-  
tendent, in his report says: "Looking  
to the future, I would say British Col-  
umbia has a unique opportunity to  
become the most foremost of Canadian  
provinces in the fight against tuber-  
culosis. A sanitarium beautifully sit-  
uated, with accommodation for ninety  
patients, a ranch convenient for sup-  
plier, and a climate peculiarly adapted  
for the treatment of consumption, all  
combine to give this opportunity."

He pointed out that during the year  
ending December 31 there had been 58  
admissions, and out of these 58 had  
been advanced cases. This feature was  
unavoidable, as Tranquille was the only  
place in the province for the care of  
consumptives. At the same time the  
admission of incurables was not far  
from the incident; and more curable cases,  
who were necessarily brought more or  
less into intimate contact with those in  
the advanced stages of the disease.

Of the 58 admissions there were 41  
males and 17 females; in nationalities:  
Canadian, 27; Scotch, 13; English, 11;  
Americans, 3; Irish, 2; and Italian, 1.  
The patients were drawn from the fol-  
lowing points: Vancouver, 23; Vic-  
toria, 10; New Westminster, 4; Kam-  
loops, 3; Mara, 3; Salmon Arm, 2; Cas-  
cade, 1; Revelstoke, 1; Duncan, 1;  
Union Bay, 1; Stewart, 1; Sidney, 1;  
Ashcroft, 1; Penticton, 1; Cumberland,  
1; Nakusp, 1; Ymir, 1; Merritt, 1, and  
Fernie, 1.

One of the interesting features of the  
report was the fact that those most  
susceptible to consumption are be-  
tween the ages of 20 and 30. The statis-  
tics were: Between the ages of 10 and  
15, 2 cases; 15 and 20, 5 cases; 20 and  
25, 12 cases; 25 and 30, 15 cases; 30 and  
35, 9 cases; 35 and 40, 5 cases; 40 and  
45, 4 cases; 45 and 50, 8 cases; 50  
and 60, 1 case, and between 60 and 70,  
2 cases.

The board of directors report showed  
that the full maintenance cost for 1910  
was \$20,540.67, an average cost per pa-  
tient per day of \$2.05. The board re-  
gretted to have to report that no hos-  
pital was yet built for advanced con-  
sumptives.

Dr. C. J. Fagan made an appeal for  
the prohibition of indiscriminate ex-  
pectoration. There were laws relating  
to this practice, but they were not en-  
forced by municipalities. Dr. A.  
P. Proctor and Dr. Brydson Jack in-  
sisted strongly on the need for pre-  
ventive measures.

Officers were elected as follows:

Hon. president, James Dunsmuir;  
president, A. C. Flumerfelt; vice-presi-  
dents, R. Marpole, J. R. C. Fraser and  
A. J. Galt; treasurer, George A.  
Kirk; secretary, Dr. C. J. Fagan; audi-  
tor, J. A. Anderson; solicitor, Hon. D.  
M. Eberts, K. C.; medical superin-  
tendent at Tranquille, Dr. C. H. Vrooman;  
board of directors, Dr. R. E. Walker,  
Rev. W. Leslie Clay, L. B. Taylor,  
A. S. Barton, A. J. Dallan, J. A.  
Mara, A. R. Planta, W. R. Morgan,  
J. T. McNayle, T. Kilpatrick and W.  
C. Moreby. The society remains un-  
der the patronage of the King, the  
Governor-General and the Lieutenant-  
Governor.

This Lady Knows  
How to Keep Well

She Always Keeps Gin Pills in  
the House

GLENELLA, MAN.

"I think GIN PILLS are the finest  
things for the kidneys. When first I  
came to Canada, I suffered with dread-  
ful Pains in my Back, that made me  
quite ill. A friend gave me six of your  
GIN PILLS and after I had taken one  
dose, I felt less pain. I then got my-  
self a box and before half of it was  
gone, I had lost all the backache. It  
did seem a treat to be rid of the pain.  
"I always keep a box of GIN PILLS  
in the house and if I feel the pain  
coming back, I take about half a  
dozen pills and it is gone. If any one  
tells me, what a pain they have in  
their back, I say 'You should try Gin  
Pills.'"

MRS. J. PICKRELL.

Take Mrs. Pickrell's advice and take  
GIN PILLS. They will cure you of  
every trace of Backache, Kidney Trou-  
ble or Rheumatism. 50c. a box, 6 for  
\$2.50—sent on receipt of price if your  
dealer does not handle them. Money  
back if GIN PILLS do not give prompt  
relief. Sample free if you mention  
this paper. National Drug & Chem-  
ical Co., Dept. V. T., Toronto.

Manga-Tone Blood and Nerve Tab-  
lets correct Female Troubles and  
make pure, rich blood. 50c. a box.

THE EMPIRE HOLD THEM ALL.

The Rose, the Thistle, the Shamrock,  
were linked by a plan Divine,  
And some sturdy roots exported to other  
lands and clime,  
And as they grew from year to year,  
waxed strong by Nature's plan.

They formed a vanguard-body for the  
brotherhood of man.

With outstretched arms the Motherland  
reached out across the wave,  
Beyond the broad Atlantic swell to the  
lands her bounty gave.

And came with a mother's voice that all  
would lend a brother's hand  
To forge a chain of kinship that would  
all the world withstand.

Then away across its bays, its seas, be-  
yond the Rockies dip  
The great Pacific's crested wave where  
its ocean watch-dogs sit.

Then on from "The Commonwealth" to  
Cape, the message sped again,  
Till on electric currents borne the grand  
response came.

Each "vanguard-body" forged a length  
of true and tested steel,  
And then with hands and hearts aglow  
they welded links between;

Chain so strong, no light to hold,  
withal a powerful rod,  
And the mother's heart, too full for words,  
just left the rest with God.

What a costly chain! What lives! What  
years of unceasing toil,  
Links from the trusty sword that  
led and the battle's fierce recoil.

All marked with the blood and the valor  
that bowed at duty's call,  
The muffled drum, the banners that roll,  
"The Empire holds them all."

## Miss Emma Sehl's Wedding

The Hampstead papers to hand by the last English mail contain an account of the wedding of Miss Emma Sehl to Mr. E. S. G. Dottridge, as follows:

On Wednesday, January 4th, at the Church of the Oratory, Brompton, an interesting wedding took place, the contracting parties being Miss Anna Emma Sehl, of Victoria, B. C., and Mr. E. S. G. Dottridge, F. R. G. S., only son of Mr. Edwin Dottridge, J. P., of 3, Heath Drive, Hampstead, London, England.

The beautiful edifice formed a fitting setting to one of the prettiest weddings held within its precincts. Punctually at 2:30 the bride arrived accompanied by Mr. J. H. Turner, formerly premier of British Columbia and

Miss Kitty Dottridge, cousin of the groom. The four bridesmaids preceded the bride and until near the top of the aisle, when they stood aside to allow her to pass through to her expectant groom, who was ably supported by Mr. Sharp, his best man.

The bridesmaids were dressed alike in dresses of soft white satin, covered with tunic of Irish crochet lace, edged with brown fur. Pink velvet ribbon was seen in a sash like effect which came from the shoulders beneath the tunic and ended in a large bow at the end of the skirt. With these dresses were worn large black silk beaver hats with oxidized silver cords and tassels, and rolled gracefully upon one side showing the pale pink silk beaver underneath. The finishing touch was added by large flat muffs of white satin-edged with opalescent fringe, the

MRS. E. S. G. DOTTRIDGE.

now agent general for British Columbia in London, who gave her away.

The bride looked charming in a handsome wedding gown, composed almost entirely of the richest white chiffon - velvet which was relieved with bands of tiny silver tissue roses and leaves, and pearl and crystal embroidery. From the front of the corsage depended a beautiful panel of white nixon, embroidered in silver. A girde of pearls outlined the high ceinture, and fell in two long ends finished with pearl and crystal tassels. The full court train was inset between the shoulders in a novel shape surrounded entirely with a narrow band of roses and myrtle and lined with silver tissue

brown fur bordering a band of lace put diagonally across the muffs; one large water lily and leaves trimming the corner. The ceremony was conducted by the Rev. Father McKee, and during the bride and bridegroom's absence in the vestry a selection was played on the organ by Mr. D'Evy. The beautiful flowers which decorated the church were afterwards by the bride's request sent to a hospital. After a short wait the guests were cladded by the sight of the bride and bridegroom looking radiantly happy, who amid the smiles of their well-wishers and the strains of Mendelssohn's Wedding March, left the church for the Hans Crescent hotel,

MR. E. S. G. DOTTRIDGE, F.R.G.S.

which was daintily turned back at one corner with a large silver rose and leaves. The veil was arranged in an original manner over a Juliet cap of silver, the front encircled with a flet of natural green myrtle leaves and blossoms at the back interspersed with tiny springs of white heather—that lucky emblem so beloved of brides. The train was carried by Master Fred Peck, who wore a handsome white satin page's costume, the little fellow being most gallant in his attentions to his beautiful lady.

The bride carried a beautiful sheath of white lilies and real orange blossom, tied with a graceful knot of silver tissue ribbon.

The principal bridesmaid was Miss Margery Dottridge, sister of the bridegroom, accompanied by Miss Frances Dean, Miss Cecelia Hoogendoorn and

Belgravia, where the reception was held in the well known winter garden, which was beautifully decorated for the occasion.

Mr. Edwin Dottridge, father of the bridegroom, received his guests at the entrance before they passed on to congratulate the happy pair, and to view the many beautiful gifts displayed. The large wedding cake, a masterpiece of the culinary art, was made by one of the bridesmaids, Miss Cecelia Hoogendoorn, and was much admired by all.

Mr. Turner proposed the health of the bride and groom, in a few well chosen words, and the toast was heartily received. The bridegroom responded in a particularly happy speech in which a loving reference to his father and his unknown friends over seas touched many of his hearers. The

usual toast of the bridesmaids was proposed by Mr. Digby Davies, K. C., and Mr. Sharp had the happy task of responding.

An excellent orchestra played during the afternoon.

The happy pair left at about 5 p.m. for Paris, en route for the Riviera, where the honeymoon is to be spent.

The bride's going away costume was of soft grey chiffon velvet, the coat being handsomely trimmed with silk military braid with a slight rever of mauve silk ending in a flat bow at the waist. The fashionable tight fitting toque of same color was worn, finished with a steel bow in front and small edging of silver lace framing the face.

The bridegroom's gift to the bride was a beautiful emerald ring with two surroundings of diamonds, also a travelling case with silver fittings. The bride's gift to the groom was a handsome diamond gipsy ring.

The following is the list of presents: Mr. Edwin Dottridge, J. P., cheque and silver candelabras.

Mr. and Mrs. Harry Dottridge, handsome canteen of silver.

## THE NEW CLOTH "WRAPO."

The only Cloth really suited to the vagaries of a cold climate is that which bears the trade name of "WRAPPO."

"WRAPPO" is a woollen cloth, woven by hand, combining the maximum of warmth with the minimum of weight.

"WRAPPO" Ulster Fleece, "The Eider-down of Cloth," finished softly, is thick, light and warm, an ideal cloth for Rugs and Dressing Gowns.

"WRAPPO" Ulster Duffie is the same cloth but finished with more body and not so fleecy. It is thoroughly shrunken and weatherproofed, and is just the thing for Men's and Boys' Overcoats and Ladies' Ulsters.

"WRAPPO" is made in two weights, full and medium.

Measurements required:

Chest, Height, and Length of Sleeve.

Full set of patterns of materials and price list sent post free.

NOTE THIS MARK ON EVERY OVERCOAT.

ROBINSON & CLEAVER,

## PURPOSES OF CANADIAN CLUB

STIRRING ADDRESS

BY M. B. JACKSON

Patriotism, Unity of Purpose,  
Nationalism, and Imperialism  
Are Aims of Organization

The following is an address delivered before the Canadian Club at its annual meeting last Wednesday evening by M. B. Jackson, of this city:

"Having been honored by the request of your president to deliver a short address this evening, and on fixed subject having been allotted, I treated it as a review of the purposes and work of Canadian Clubs.

"It is a wise rule in the conduct of business firms to take stock, once a year, of the year, of progress made, and the assets on hand, and to prepare estimates for future work, and I conceive that such is an equally sound principle for us to adopt at this time.

"That the Canadian Clubs have a real mission to perform, that there is a special work to their hands for which they are peculiarly adapted, and that they will attempt to do it, is the first and foremost of the history of the movement. But that they sprang into being almost spontaneously at several points and just at the time when Canada began to realize the quickening sensations of a national life is surely evidence of a need for their existence and a purpose for their activity.

"Our objects are to foster and advance the patriotic idea, to dispense nationalism and racial discord, to bind the whole of Canada into a unity of purpose to develop the conception of nationality distinct from yet interlarded with the Imperial British Empire, to cultivate the instinct of an indigenous patriotism. We enjoy an inheritance of sentiment of genius and of institutions along with a land of exuberant resources, but having no more talents there remains not even that excuse of the man in the parable (who received but one talent) for burying so many on the ground. It is ours to utilize the past, to gather progress for the future, to set ourselves to intelligently lay foundations for that future importance of which no alert Canadian is in the least doubt.

"We have no definite platform or constitution; but our work is clearly outlined on the name 'Canadian Club.' Whether we in Victoria are pursuing altogether the best course I am not sure. Our doubt is not one of activity, but far, has been directed to entertaining more or less distinguished gentlemen, usually from other lands, and listening, as a rule, to such casual and imprudent remarks as they may have had the gift to address to us. In the past year we had one or two inspiring addresses, but on the whole they have struck me as lacking in values and not seriously fitting in with our objects and purposes. I do not suggest that the entertainment of guests should be discontinued—not at all—but I feel that this should be supplemented by a systematic study of the history and constitution of our country; of its economic questions and national movements; to become familiar with its resources and needs; to equip our selves for the discharge of the responsibilities of citizenship and help mould public opinion to the general good.

"We live in a too material age, and should have our eyes on the danger of having some of our talents in the ground. Let us shake ourselves free, at times, from the pursuit of the almighty dollar, of the purely material and economic, and take stock once in a while of our assets in man-values.

"The history of our country has been one of controlling influence in the past, and tell me how often they have gone beyond the mere rhetorical inventory of the physical attractions and economic resources of the country. Have they not too often consisted of a pictured journey from the eastern borders on the Atlantic, up the magnificent entrance to the St. Lawrence, past the majestic site of Quebec, its romantic Dufferin terrace and Plains of Abraham, with its may be, a passing allusion to some incidents of its romantic career; on through the fields and orchards of Ontario, pausing at the brink of the mighty Niagara to listen to the sonorous diapason of its majestic waters, over the gloomy expanse of the chain of Great Lakes; through the golden grain fields of the prairies, telling in the lazy haze of a September sun; climbing to the highest point of some giant in the Selkies, to survey that surpassing splendor of Alpine scenery—that tremendous reminder of the awful energy of the powers that dwell in the bowels of the earth—but whose naked aneurysm has been idealized by a poetic nature in a mantle of brilliant and perpetual snow, and its valleys bejeweled with their thousand gemmed lakes—a scene, it is true, of unequalled beauty and magnificence. Then on to the Pacific, down through the marvellous canon of the Fraser with its panorama of waterfall and precipice, color, sound and scent, besetting the air and carrying to many minds the most impressive and inspiring phenomenon in Canada; on through Vancouver, the last of the mainland chain of industrial centres that have marked the journey, as far, across the straits of Georgia to this Hesperian Isle in the western zone. Perhaps, a hint toward us to the value and immensity of our natural resources.

"Such is the usual alpha and omega

## AFTER DOCTORS FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Midgie Station, N. B.—One can hardly believe this as it is not natural, but it was my case. For ten months I suffered from suppression. I had different doctors, tried different medicines, but none helped me. My friends told me I would go into a decline. One day a lady friend told me what your medicine had done for her, so I wrote you for advice and received your reply with pleasure.

I started taking Lydia E. Pinkham's Vegetable Compound, and at the second bottle showed improvement. Now I am regular and never was so well in my life, thanks to Mrs. Pinkham's medicine.

Please publish my letter for the benefit of others.—MRS. JOSEPH W. HICKS, Midgie Station, N. B.

Indian Head, Sask.—Lydia E. Pinkham's Vegetable Compound is indeed a boon to women who suffer from female ills. My health is better now than it has been in my five years of married life and I thank you for the good your advice and medicine have done me. I had spent hundreds of dollars on doctors without receiving any benefit.—MRS. FRANK COOPER, Box 443, Indian Head, Saskatchewan.

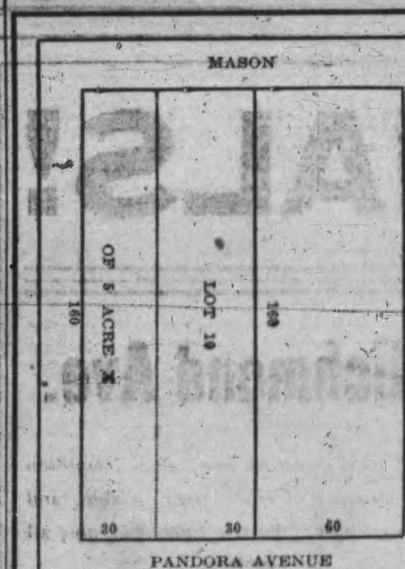

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. But this is nothing if alone. That land with all its marvels was here from the beginning of time. It had its people, but the patriotic spark, our only concern, was never struck among the aborigines. Not in the physical features of the country do we search for the instinct of patriotism, but in the fibre of its people alone. That the divine spark had fired the heart of Canada no man will doubt, but to find its origin we must trace back the history of the past four hundred years.

"This is no dry task. There is nothing in the romance of fiction more thrilling or delightful than the bare recital of the historic narrative of the continent of North America, and in tracing this history in the lives of its great men of the past we uncover the sources from which have sprung the characteristics that mark our people. Our doubt is not one of activity, but far, has been directed to entertaining more or less distinguished gentlemen, usually from other lands, and listening, as a rule, to such casual and imprudent remarks as they may have had the gift to address to us. In the past year we had one or two inspiring addresses, but on the whole they have struck me as lacking in values and not seriously fitting in with our objects and purposes. I do not suggest that the entertainment of guests should be discontinued—not at all—but I feel that this should be supplemented by a systematic study of the history and constitution of our country; of its economic questions and national movements; to become familiar with its resources and needs; to equip our selves for the discharge of the responsibilities of citizenship and help mould public opinion to the general good.

"We live in a too material age, and should have our eyes on the danger of having some of our talents in the ground. Let us shake ourselves free, at times, from the pursuit of the almighty dollar, of the purely material and economic, and take stock once in a while of our assets in man-values.

"The history of our country has been one of controlling influence in the past, and tell me how often they have gone beyond the mere rhetorical inventory of the physical attractions and economic resources of the country. Have they not too often consisted of a pictured journey from the eastern borders on the Atlantic, up the magnificent entrance to the St. Lawrence, past the majestic site of Quebec, its romantic Dufferin terrace and Plains of Abraham, with its may be, a passing allusion to some incidents of its romantic career; on through the fields and orchards of Ontario, pausing at the brink of the mighty Niagara to listen to the sonorous diapason of its majestic waters, over the gloomy expanse of the chain of Great Lakes; through the golden grain fields of the prairies, telling in the lazy haze of a September sun; climbing to the highest point of some giant in the Selkies, to survey that surpassing splendor of Alpine scenery—that tremendous reminder of the awful energy of the powers that dwell in the bowels of the earth—but whose naked aneurysm has been idealized by a poetic nature in a mantle of brilliant and perpetual snow, and its valleys bejeweled with their thousand gemmed lakes—a scene, it is true, of unequalled beauty and magnificence. Then on to the Pacific, down through the marvellous canon of the Fraser with its panorama of waterfall and precipice, color, sound and scent, besetting the air and carrying to many minds the most impressive and inspiring phenomenon in Canada; on through Vancouver, the last of the mainland chain of industrial centres that have marked the journey, as far, across the straits of Georgia to this Hesperian Isle in the western zone. Perhaps, a hint toward us to the value and immensity of our natural resources.

Fogg, of Los Angeles, who has been intimately associated with the Management of the Company from the commencement and as some important proposals will be considered it is requested that all Victoria Shareholders will endeavor to be present.

A. T. FRAMPTON,  
Vice-President.

## Cured Awful Ringworm

"Well over four years ago my two little girls were taken with a dreadful scalp ringworm. They attended the Hospital as out-patients for a year. I had to apply their ointment with a brush, giving the children frightful pain. It also had to have their heads shaved every two weeks, but they got no better under the treatment. They used to cry with the tormenting itching, and their heads were covered with a thick scurf and dandruff.

"About a year ago I determined to try the Cuticura Remedies. I used plenty of Cuticura Soap and applied the Cuticura Ointment. I used only about three cakes of Cuticura Soap and three boxes of Cuticura Ointment and they were cured. Their hair is growing long and nice again. They had become so ill after their three years of suffering that I had to send one away to a convalescent home as soon as she was cured, but now she is home and strong. My youngest girl was away from school nine months with the disease. I am very grateful to Cuticura and for their children's sake I hope other mothers will try it. The Cuticura Soap I will always use for it makes the hair so lovely."

## Cuticura Soap and Ointment

afford the quickest and most economical treatment for itching, burning, scalp eruptions of infants, children and adults. A single use is often sufficient. Sold throughout the world. Send to Foster Drug & Chem. Corp., Boston, U.S.A. for 35-cent Cuticura Book on (read) most of skin and scalp afflictions.

## RELATION OF WEST INDIES TO CANADA

University President Suggests Loose Union With This Country.

President R. A. Falconer of the University of Toronto, in an address before the Toronto Canadian club recently on "The Relation of Canada and the West Indies," made the suggestion that the heavy expenditure for the civil list in the West Indies might be considerably reduced by letting the governor-general of Canada be also the governor-general of the West Indies. With him President Falconer thought there should be associated a small council of men familiar with West Indian conditions.

He pointed out that the condition which debarred the West Indies from further dropping her tariff in favor of Canada was that there was a governor representing Great Britain in each of the small islands, and a highly paid staff to look after the departments of agriculture, public works, etc. The expenses were therefore, very heavy, and he thought that if the recent action in placing Sir Daniel Morris at the head of the Department of Agriculture for all the islands were followed in the case of the other departments, and if lieutenant-governors at smaller salaries were substituted for the governors, the islands would be in a better position to offer trade advantages. He thought that if the governor-general's council were situated in Ottawa the relations of Canada and the West Indies would be emphasized as they are not to-day.

During his eight years' experience in the West Indies Dr. Falconer gained an intimate acquaintance with the problems which face these islands. He pointed out that though very closely connected with Great Britain by bonds of loyalty and sentiment, by geography and economic necessities, they were more closely connected to North America and to the United States than to Canada. Canada must, therefore, give the West Indies some advantage, else they will not get elsewhere, and the preference of 1898 had been so beneficial that Canada now gets seventy per cent. of her sugar from this source. He outlined the history of the sugar trade in the West Indies and the scheme it had had in the abolition of slavery, making it necessary to import labor, and in the development by the Germans later of the beetroot industry. The consequent upgrowth of other industries, such as fruit, cotton-growing, the cacao industry and rubber were also dealt with.

Of the export trade of the West Indies, £7,100,000, forty-two per cent. went to Great Britain, twenty-four per cent. to Canada, and twenty-three per cent. to the United States. Of the import trade Great Britain supplies forty-three per cent., United States thirty-four per cent. and Canada seven per cent. Canada's trade was lamentably small, although he believed that some of it went to the West Indies through United States channels. In fish, flour, lumber, oats, boots and shoes, condensed milk, and a certain amount of machinery he thought Canadians, if they would take the trouble to study the market, would increase the trade a great deal. The strategical importance of the islands as standing at the gateway of South America, the greatest undeveloped continent of the world, their possibilities as a centre for trans-shipment with the completion of the Panama canal, the need of the development of a more up-to-date system of ocean transportation, and communication with Canada, the good results that would follow the establishment of social and educational relationships, were dealt with in detail by the speaker.

### DAWSON DREDGING.

Enough Gravel to Last Canadian Klondike Co. Twenty Years.

"Dawson is not a dead one yet." So says the Shagway Alaskan. The assertion is the fitting climax to a report given that paper by Charles Boyle, resident manager of the Canadian-Klondike Mining Company. Mr. Boyle told of the splendid success of the company's dredges, and says that with twenty dredges the company might finish its work in twenty years.

The Canadian-Klondike Company is known to be in some of the richest pay ever secured in Yukon. While the company does not divulge the returns it is understood the pay is such as would make the old sourdough gleeful to behold. Enough is said to be cleaned up in one day at times to give a man of modest desires enough to keep him the rest of his days.

The visit of Charles Boyle to Shagway is dealt with by the Alaskan as follows: "Charles Boyle, of the Canadian-Klondike Company, which company is operating the largest dredge ever constructed in its mining activities on the Klondike river, came in on Saturday's train. To a representative of

## VANCOUVER CHURCH DESTROYED BY FIRE

The Mountain View Methodist Church, Recently Completed, Burned to the Ground

Vancouver, Feb. 10.—As the bell was being rung to call the worshippers to the evening prayer meeting, fire was discovered in the Mountain View Methodist church. It had started in the furnace room, and quickly spread throughout the edifice. Those in the church continued to ring the bell as an alarm, and also managed to get out the organ and most of the church furniture before being driven from the building. In spite of the efforts of the firemen it was soon seen that the building was doomed. The firemen then gave their attention to saving the houses adjoining, their efforts being successful. About 7 o'clock the roof and high tower fell in, and in two hours more the destruction was complete, only the stone foundations remaining. The church had only been completed a few weeks ago, the first service being held on December 18. The building, particularly the heating arrangements, was most modern in every way, and the pastor, Rev. J. P. Betts, was unable to account for the primary cause of the disaster. The edifice was erected at a cost of \$18,000, and the clergyman estimated the loss at \$14,000, on which there is about half that amount in insurance. The congregation had just dispersed of its former church, and the pastor was at a loss to say where the services would be held until a new church could be erected, for it is the intention to rebuild at once. The pastor has had many trials lately, his house having been entered last Monday evening while he was absent on church duty and \$150 worth of jewelry taken.

## FOUND DEAD.

Ferrie, Feb. 10.—Robert Patterson, a driver in No. 2 mine at Cool Creek, was killed in the mine but the circumstances surrounding his death are not known in detail. The body was found after it had been run over by a compressed air locomotive. There were two small holes in the forehead, such as might have been made by a kick from a horse. These would have been sufficient to cause death. A thigh bone was broken, although there were no marks of hand-bus on the limb. Patterson was 23 years of age and was born at Fairfield, Saanich, near Alway, Scotland, where his father still resides. He had recently inherited some property and intended to leave for Scotland in the near future.

## DRUNKENNESS CAN BE CURED.

Old Falacy That Drunkenness Cannot Be Cured Exploded.

Many men drink who desire to stop the habit. Whiskey, however, has undermined the constitution and created a craving that is not to be denied, and the man must have whiskey or something that will satisfy the craving and build up the system and restore the nerves.

Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless and can be given with or without knowledge. In tea, coffee or food. It is used regularly by Physicians and Hospitals. It has cured thousands in Canada, and restored happiness to hundreds of homes.

Read what Mrs. G., of Hull, says of it and what it did for her: “It is four months to-day since I started to use your Remedy. I followed the directions, and had the best of results. One week after I started using your Remedy the patient stopped drinking, and has not drunk a glass of liquor since. I hope you will accept my heartfelt thanks. Hoping God will bless your Remedy whenever tried, I remain,  
Mrs. G., Hull, Que.  
(Name withheld by request.)

Now, if there is anyone in your town who needs this Remedy, tell them of it. Practical philanthropy can do no better form. If you have a husband, father, brother or friend who drinks, help them help themselves. Write to-day.

A FREE TRIAL PACKAGE of Samaria, with Booklet giving full particulars, directions, testimonials, price, etc., will be sent in a plain sealed package to any one mentioning this paper. Correspondence sacredly confidential. The trial package alone has often cured. Write to-day. The Samaria Remedy Company, Dept. 75, 45 Colborne street, Toronto.

Hull & Co., corner Taylor and Douglas streets, Victoria, B. C.

## Uncle Walt The Poet Philosopher

**THE RELIABLE MAN.**  
Old Tolliver the tailor is making lots of scolds; he had the trade of business men, and the wealthy lads. While others are complaining that things are mighty slack, he's busy as a bumble-wasp, and adding to his stack. I order sundry garments, and ask when they'll be done; he studies for a moment, as solemnly as one who has no sort of liking for idle, empty talk: "Your rags will surely be ready at half-past ten o'clock." He gives me this assurance and gravely turns away, to tinker with his tape-line, around some other Jay.

## ANGELICAN COLLEGE AT UNIVERSITY

Synod of Diocese of New Westminster Approves the Proposal

Vancouver, Feb. 10.—The synod of the diocese of New Westminster at its twenty-seventh annual meeting, signified its approval of the proposal of the plan to establish an Anglican college consisting of two halls to be attached to the provincial university at Point Grey. The plan upon which it is suggested the college shall be founded was detailed in the Bishop of New Westminster's charge and agreed upon by the three bishops of the province. It is as follows:  
There shall be an Anglican theological college of British Columbia with a board of governors, consisting of the bishops of the several dioceses of the province, the heads of the two halls hereinafter to be mentioned, ex-officio, and three lay and three clerical members representing each diocese in the province elected in such a manner as the several dioceses may determine. Vacancies among the elected members of the board of governors shall be filled by the respective bishops till the next meeting of the synod of the diocese.  
The duties of this board of governors shall be: To represent the church in all negotiations with the government or other outside bodies. To divide the property allotted to the church by the university into four equal parts, two of which the board shall retain for common purposes and one part shall be granted on terms to be agreed upon to each of the two halls, St. Marks and Bishop Latimer. Erect on the common site buildings which may be used in common, e.g., library, lecture hall (containing lecture rooms) and convocation hall. Appoint professors in Old Testament and Apologetics. Appoint examiners in alternative text books. Issue all diplomas. Use the Pan-Anglican grant, the portion of the British Columbia Church Aid Society Fund received subsequent to June 23, 1910, to be devoted to theological education in the province and all other funds raised for the general theological education in the province for the endowment of the common chairs and the maintenance and erection of common buildings. Use the theological educational funds of the several dioceses for common purposes, or divide them between the two halls either equally or in proportion to the number of students in the respective halls.  
There shall be two halls, St. Marks and Bishop Latimer, with residences, attached to each a staff to teach the subjects not mentioned above, as provided for by the board of governors. Each hall shall be governed by its own independent council as may be decided upon by the individual hall.  
Students of both halls shall register in the Anglican theological college of British Columbia, and shall be members of the general student body with all the privileges offered by the general board.  
Each hall shall erect its own buildings, collect its own funds in addition to the amounts allotted as above by the board of governors and employ its own teaching staff.

## DEPENDENT MAN'S SUICIDE.

Vancouver, Feb. 10.—Dependent over continued ill health, Albert Vickers, aged about 35 years, ended his life by sending a bullet crashing into his brain.  
The unfortunate man, who resided with his wife and four-year-old son at 221 Eighth avenue west, had been suffering from fits of despondency and depression for some time owing to his poor health. Some time during Wednesday night, one of the periodical and acute attacks from which Vickers suffered must have driven him to his desperate deed, for at 7 o'clock the following morning, when his wife, who had not missed his absence during the night, entered the kitchen she found his body slumped in a chair, with a gap-bullet hole in the temple. The revolver with which the deed had been committed lay on the floor beside him, with one chamber discharged. Mrs. Vickers hurriedly summoned Dr. Worthington, who lives near by, but who found that life had been extinct for some hours.

—You can deposit your money at 4 per cent. interest with The B. C. Permanent Loan Company and be able to withdraw the total amount or any portion thereof without notice. Cheques are supplied to each depositor. Paid up capital over \$1,000,000, assets over \$2,000,000. Branch office, 1210 Government Street, Victoria, B. C.

## CITY TREES DAMAGED.

Vernon, Feb. 10.—At the last meeting of the city council Ald. Smith made mention that he noticed all the poles and a goodly number of the trees in the city plastered all over with bills, and asked if this could not be put a stop to. He further said that he had stopped a man who had been driving nails into the trees to put up posters, and was of opinion that the persons responsible for this sort of thing should be summoned.  
The mayor in reply said that Chief Edwards should be put on the track of all parties damaging the city trees as this could not be allowed, and the matter dropped.  
Moved by Ald. Costerton, seconded by Ald. Glover, that the construction of a railway station on the location mentioned in the letter of Mr. Kilpatrick, C. P. R. superintendent, and shown on the blue print submitted, be approved and confirmed by this council. The motion carried.  
G. C. Johnston was appointed city assessor at a salary of \$600.  
Ald. Cummiskey, chairman of the electric light committee, presented a lengthy report dealing with electrical supplies, the difference between coal and wood for steam purposes, the cost of fuel, and suggesting improvements in general about the power house. Finally he spoke about the telephone company's wires crossing the city light wires, and thought something ought to be done in this connection.  
This question of the telephone wires being on the same level of the electric light wires was discussed by the council, and the electric light committee was instructed to go into this matter and report at the next meeting.  
To record the number of seconds that a telephone is in use each day is the purpose of a new electrically operated meter.

WM. W. NORTHCOTT,  
Purchasing Agent.  
City Hall, Jan. 25, '11.

## Civic Notice!

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:  
1. To grade, drain and pave with an asphaltic pavement Dundas Street, and to construct permanent sidewalks of concrete on both sides of said street, with curbs, gutters and boulevards (including maintenance) also laterals to sewers, surface drains and water mains, and moving of poles, if necessary.  
2. To pave Langley Street from Yates Street to Bastion Street with Worwick asphalt pavement.  
3. To grade, drain and pave with an asphaltic pavement Courtenay Street between Quadra Street and Vancouver Street, and to construct permanent sidewalk of concrete on the north side of said street, with curbs and gutters on both sides of said street, including sewer, surface drain and water laterals, and moving of poles, if necessary.  
4. To grade, drain and pave with an asphaltic pavement Hilda Street between Linden Avenue and Cook Street, and to construct curbs, gutters and boulevards on both sides of said street (including maintenance) also laterals to sewers, surface drain and water laterals, and moving of poles, if necessary.  
And that all said work shall be carried out in accordance with the provisions of the Local Improvement (General By-law and amendments) thereto, and the City Engineer and City Assessor having reported to the Council in accordance with the provisions of Section 4 of the said By-law, upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against various portions of real property to be benefited by the said works and the reports of the City Engineer and City Assessor as aforesaid, having been adopted by the Council:  
NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement above mentioned signed by a majority of the owners of land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by by-law in that behalf regulate and determine.  
WELLINGTON J. DOWLER,  
C. M. C.  
City Clerk's Office, Victoria, B. C., Jan. 24th, 1911.

Sewerage Act, 1910.

ESQUIMALT SEWERAGE DISTRICT.

WHEREAS the Lieutenant Governor in Council has pursuant to the provisions of Subsection one of Section 3 of the Sewerage Act 1910, constituted All of the tract of land situated in the Esquimalt Electoral District bounded on the East by the Western boundary of the City of Victoria and on the North by the southern boundary of the Esquimalt and Nanaimo Railway Company's right of way and the easterly boundary of Section 2, Esquimalt District, and on the West and South by Esquimalt Harbor, a Sewerage District under said Act, under the name of the "Esquimalt Sewerage District."

AND WHEREAS at a public meeting of the owners in said District, held at the Lamson Street Schoolhouse on January 26th, 1911, at the hour of eight o'clock, p. m., a resolution was passed unanimously that the public meeting of the owners in said District be held pursuant to Subsection Two of Section 3 of the said Act, at the Lamson Street Schoolhouse, on Tuesday, the 28th day of February, 1911, at the hour of 8 p. m., for the purpose of selecting three or more commissioners to execute the works in connection with sewerage in said District, and that notice of said meeting be published in the Daily Colonist, Daily Times and B. C. Gazette at least three weeks before the said date.

Therefore Take Notice, that a public meeting of the owners in said District will be held at the time and place aforesaid for the purpose of selecting three or more commissioners for the purposes aforesaid, under the provisions of subsection 2 of section 3 of the said Act.

Dated at Victoria, B. C., the 28th day of January, 1911.

By order of the General Meeting.

A. R. WOLFENDEN,

Secretary.

### NOTICE

**SEVENTEEN MINERS  
LOSE THEIR LIVES**

Officials Investigating Cause  
 of Explosion in Mine  
 in Colorado

(Times Leased Wire.)

Trinidad, Colo., Feb. 11.—The Carbon Coal & Coke Company officials to-day are investigating the cause of the explosion at the Cokedale mine Thursday night which resulted in 17 deaths from black damp. The mine was advertised as the safest in America. The bodies of all the victims have been recovered. Practically the entire mine has been explored, and the damage to the property is small. With the exception of the two rescuers who perished, the victims were Poles and Italians. Nearly all were married and some have large families. The company officials have given orders for the care of the widows and children.

SAN FRANCISCO GETS FAIR.

Washington, D. C., Feb. 11.—By an unanimous vote the senate to-day passed the San Francisco exposition bill, which authorized the exposition to be held at the Golden Gate city.

When Senator Perkins brought up the Panama exposition bill, Senator Swanson of Virginia, declared that his amendment providing for an international naval review was ready for reading, but said he would not insist on its being read. When Senator Perkins told him that the reading of the amendment would handicap the exposition resolution and make its return to the House necessary, Swanson withdrew in favor of the California senator. Perkins then suggested that Senator Swanson make his amendment an addition to the naval bill. The Virginia senator responded that the suggestion was a good one, and that he would delay his amendment until the naval bill came up.

The exposition resolution was then read and passed without debate or amendment.

CRUSHED TO DEATH.

Sacramento, Cal., Feb. 11.—Charles B. Wilmarth, a prominent business man and secretary of the committee on arrangements for the National fruit jobbers' convention, which meets here next week, was almost instantly killed by falling two stories down an elevator shaft to-day. Wilmarth was supervising the finishing touches to the building which will house the citrus fair, an auxiliary of the jobbers' convention. With an electrician he had started up to the top floor in the elevator. At the second floor the electrician jumped off safely while the elevator was in motion. Wilmarth also jumped, but his head struck the top of the doorway and he fell backward under the still ascending car into the shaft. He died an hour later.

CHARGED WITH INFANTICIDE.

Collingwood, Ont., Feb. 11.—Pearl Smith, 18 years old, was arrested by Chief Wilde charged with taking the life of the infant found frozen to death in the west end of the town on Saturday, February 4, Pearl, who is an attractive looking girl, appeared in the police court yesterday and was formally charged with murdering the infant child. She was not asked to plead, but was remanded until after the finding of the coroner's jury. The birth of the child took place in Toronto at the Salvation Army maternity home, where she posed as a Miss Pearl Anderson. About three weeks ago she left the city and came to Collingwood, where her parents live.

LONG MARCH.

New York, Feb. 11.—Under orders to march the 4,000 miles from New York to San Francisco, carrying a letter between the mayors of the two cities, two soldiers, Moses Gravel, 15th New York National Guards, and Fred Ostrander, 71st New York National Guards, are on the first leg of their long journey to-day. General Frederick Grant inspected the equipment of the pair before their start and President Taft issued a special order permitting the militiamen to carry arms through all states.

FISHERMEN SAFE.

Helsingfors, Finland, Feb. 11.—All the fishermen who had been adrift for several days on an ice floe outside of Björke Sound, and for whose safety grave fears were felt, got ashore yesterday near Tamborg.

**You'll Like Our Smart Beds****Styles Are Right-Down-to-the-Minute, and the Prices Right**

Just because the bed is made of iron—or brass—don't imagine it is "strong as iron"; like the chain, it is no stronger than its weakest link, and in many metal beds there is a weak link. With very little use and moving around in the bedroom soon shakes some beds to pieces. Therefore it is advisable to buy the beds of quality, the kind that won't fall to pieces, the kind that have not some defects of construction carefully covered over with enamel. Our beds, every one of them, we guarantee against defects of materials or construction. You will find that it pays to buy the bed with a guarantee. We have an exhibit on our fourth floor at present that will make others "go some" to equal it. Don't miss it.

**Iron Beds Start at \$4.00**

It isn't much to pay for an iron bed—\$4.00—but it represents the starting point of our prices in full size iron beds. From this figure up you have a large choice in the matter of design and prices, and every bed is made of the best material and finished in the best manner possible. The enamels are of superior quality and are put on as only the leading factories can. This being the quality store, we only buy from the leading factories. By all means come in and see this showing of iron beds.

IRON BEDS, priced from \$4.00 to ..... \$48.00

**Stylish Brass Beds \$30 Up**

The choicest productions of the best British, Canadian and United States makers of brass beds are to be found in this collection of ours. For the Bedroom Beautiful our art brass beds are pre-eminently "the beds." There is an originality of design, a refined elegance and a distinctive character that will appeal to the lover of the beautiful in chamber furniture. To make the guest chamber specially attractive add one of these brass beds.

BRASS BEDS, priced from \$30.00 to ..... \$120.00

**Cribs for the Children—Prices Ranging From \$8.00**

The children ought to have a safe and comfortable bed, and there is nothing better than one of these metal cribs of ours. They are built with a special view to safety, comfort and service. They have many special features, such as sliding and drop sides, lots of rods so close together that the little one cannot crawl through, some with non-rustable springs, etc. We have them in enamelled iron, iron and brass. A splendid variety to select from. Prices range from \$18.00 to \$8.00. We have also a very large choice of mattresses here, every good style, at prices that are right. We will also make them to your order if you desire.

**40 Piece Tea Sets From \$6.50 Per Set**

How does a 40-piece Tea Set at \$6.50 strike you? On our balcony we have a display of 40-piece Tea Sets in the most attractive designs, that are unequalled anywhere. If you are thinking of getting a tea set, it will be very foolish of you to make a purchase before looking over this variety of ours. These are not cheap sets, they are like the rest of our goods, they are quality. But this is the time when you get both quantity and quality. We have these in all floral designs and conventional designs. We don't want you to miss this display. If you come to-day you will have a chance of choosing first and from the big assortment, because by Monday there will be only half of them left.

40-Piece Tea Sets, From \$50 to \$6.50

**See Thess Jardinieres in Our Government Street Windows From 25c**

In one of our Government street windows you will notice we are displaying some very pretty Jardinieres. This window only enables us to show you a very small corner of what we really have. If you want to see a really wonderful show of Jardinieres, just step inside and we will be delighted to show you our special selections. Jardinieres are articles that are always being wanted, and the manufacturers are continually having new designs. We receive the very latest—every time there is a new design we are the first to receive it. Don't fail to see these, from 25c up.

 In Time, It's  
 Ever so Much  
 Better.

**WEILER BROS**

Better  
 a Little More  
 Quality and  
 Less Quantity.

**TRANSPORT LOST  
WITH ALL ON BOARD**

Turkish Vessel, Carrying Some  
 Troops to Yemen, Founders in Red Sea

(Times Leased Wire.)

Constantinople, Feb. 11.—Reports reached here to-day that the Turkish transport Marmara, carrying troops and munitions to Yemen, where a serious revolt of rebels is on, had been lost in the Red sea with all on board.

It was at first reported that the troop had been captured by Arab pirates and those on board slain, but this is denied by the war office.

CHURCH AND STATE.

Lisbon, Feb. 11.—The draft of the bill for the separation of church and state has been completed. It guarantees liberty of conscience, education and propaganda. The churches will be at the disposal of the clergy, the only stipulation being that the clergy be able to keep them up.

HOCKEY CHAMPIONSHIP.

Toronto, Feb. 11.—The Ontario Hockey Association sub-committee positively refuse to allow the St. Michael's hockey team, the champions last year, to play for the Allan cup on the dates mentioned by the trustees. The St. Michael's players say that the Winnipeg Victorias, the challengers, can have all the games they want after March 4, when the Ontario Hockey Association champions of the year are declared. They feel that the cup trustees have acted very arbitrarily and beyond their jurisdiction according to the terms of the deed of gift which call for the meeting of the champions of the current year only. The one regret they have is that they did not ship the cup back as they contemplated doing immediately after winning it last spring.

WHIPPING POST LAW.

Salem, Ore., Feb. 11.—The famous Sichel whipping post law which provides corporal punishment for wife-beaters will remain on the Oregon statute books. Governor West to-day applied the veto to the bill repealing the law.

**Shiloh's Cure**  
 quickly stops coughs, cures colds, hoarseness and lung trouble. 25 cents.
